BASE MAP

PET POLICY

Base Requirements and Pet Policy (Instruction 10570.2H)

- All pets must be registered at the Naples Veterinary Treatment Facility (VTF) **within 30 days of arrival or adoption**. Every pet must have an ISO compliant microchip (15 digit) and a valid rabies vaccine. You need be registered in order to avail of our services.
- All pets must wear Pet Identification Tag, Rabies tag, and NSA Naples Pet Pass tag.
- Only 2 pets are authorized per owner in a government housing. (*NO weight restrictions*)

REGISTRATION

- No appointment needed & pet does not need to be present.
- Registration forms included in the AO packet can be picked up in person or via email request
- Submit completed forms with requirements in person or via email to:
- usn.naples.navhospnaplesit.mbx.vet-clinic@health.mil.

Things to submit:

- Completed registration form including NO Show Policy
- Military I.D.
- Vaccine history
- Medical documentation of chronic disease
- All active prescriptions

SERVICES

- Annual exams and vaccines
- Health certificates and import/export requirements
- Microchipping and ID tags
- Diagnostics: bloodwork, radiography, and ultrasound
- Preventives: flea/tick, dental, heartworm
- Prescription medications (limited)
- Sick Call exams and treatment
- Routine surgeries (Neuter/Spay, Dental, Mass removal)
- Monthly schedules are released every 15th of the month
- NOT AN EMERGENCY CLINIC

ASL REGISTRATION

IMPORTANT

- ASL(Azienda Sanitaria Locale) is an Italian government agency
- **REQUIRED by Italian law to register within 60 days of arrival or within 20 days post adoption/ purchase** (FINES up to €200)
- The ASL location is based on your Codice Fiscale.
- **THE VTF DO NOT ISSUE PET PASSPORTS. THIS IS THROUGH THE ASL ONLY** and is governed by Italian laws.
- EU passport is not the same as base vet registration.
- The vet clinic is NOT affiliated with the ASL
- ASL can also issue health & export certificates for PCS

**ASL guide on how to register and get an EU pet passport is provided in the AO packet.*

LEAVING ITALY

- Get an EU Pet passport within 3-6 months of arrival of arrival/ adoption. Do not wait until its time to PCS!
- PCSing from Naples requires **2-3 months prep and 6 months lead time for Japan and Hawaii**. Japan has a 6 month quarantine period that can be started in Italy.
- The AMC rotator's pet space availability is extremely limited. Combined weight limit for a pet and cage is 150 lbs (no exceptions or waivers).
- Plan ahead and contact our office once you get orders

LEISHMANIASIS

- Canine Leishmaniasis is a disease caused by sand-flies. Both pets and people can be infected. Most prevalent during hot months (APR- SEPT)
- It causes skin issues, multiple organ failure, weight and muscle loss and inflammation
- Endemic in here in Southern Italy (Naples) and Mediterranean
- **Infected animals may be refused return to some US states (state dependent)**
- **Prevention: Seresto collar or Advantix**

QUICK FACTS

- We are not an emergency clinic
- We do not see walk-in or same day appointments
- We are not authorized to handle strays on base
- If you are fostering, please make sure they receive ALL core vaccines and preventives. They can carry diseases that can cause your pets and family members to get sick!!!
- We may close the clinic last minute Military Dog emergency
- We are closed every Thursday and last working day of the month for inventory.
