COPS & LOLLIPOPS

- As you are traveling throughout Italy, you may come across a police checkpoint requesting for you to pull over and produce certain documents. Law Enforcement Officer, may or may not be in uniform. Major cities frequently utilize undercover police officers. They are known to drive off-road type motorcycles or just a plain unmarked vehicles. They carry hand held stop signs that Americans due to their shape nicknamed them “lollipops”
- Usually you will see two officers: one with the “lollipop” and one conducting a check point
- Once you get pulled over be prepared with the following:

DRIVING UNDER THE INFLUENCE OF ALCOHOL

There are 3 levels of intoxication:

A)

Level of intoxication from 0.5 grams to 0.8 grams per liter, citation will range from 544 to 2174 euro, driver license will be suspended for a period of 3 to 6 months. If vehicle is involved in a traffic accident, citation and suspension will be double up.

B)

Level of intoxication from 0.8 grams to 1.5 grams per liter, citation will range from 800 to 3200 euro. Driver license will be suspended for 6 months to 1 year. If vehicle is involved in a traffic accident, citation and suspension will be double up.

C)

Level of intoxication above 1.5 grams per liter, citation will range from 1500 to 6000 euro. Driver license will be suspended for 1 year to 2 years. If vehicle is involved in a traffic accident or belongs to a third party, citation and suspension will double up.

If you refuse to be tested from the Italian authorities, category C will be applied by default

TRAFFIC ACCIDENTS

- Be aware of your vehicle's position relative to the traffic flow - Exit only when safe. Position yourself behind the traffic accident, never in the front.
- Turn on your hazard lights.
- Put on your reflective vest (better to have multiple vest in the vehicle) if the IT authorities are not going to respond, vehicles can be moved to a safe spot.
- Please utilize Road Hazard Warning Triangle/s. A MUST HAVE IN THE POV
- ***Call Emergency Dispatch at 081-568-5638***.
- Be respectful to host nation response personnel, they are there to assist you.
- Be prepared to exchange Insurance & POV information with other drivers.
- You are allowed to take pictures of the traffic accident scene.
- DO NOT TAKE PICTURES OF PEOPLE INVOLVED IN THE T/A.

TRAFFIC ACCIDENTS

(continued)

- If you are injured in a traffic accident, you will be transported to an Italian hospital via 118 ambulance.
- If you refuse medical treatment on the scene, you will be expected to sign a “Medical Attention Denial” form/waiver. Otherwise, you will be treated.
- Depending upon the severity of injuries and/or vehicle damage, your POV may be seized as evidence. IT authorities can request you to provide a blood/urine sample upon your arrival at the IT medical facility or request for you to submit to a breathalyzer test on scene.
- If you refuse to be tested for urine/blood/breathalyzer, your POV and your DL will be seized on the spot.

Zona Traffico Limitato - Limited Traffic Area

ZTL areas can only be crossed if you have a City Hall permit. If you rent a house located in a ZTL area, you need to go to the City Hall and register your POV. Most of the major cities in Italy have designated ZTL areas, **MAKE SURE YOU PAY ATTENTION** to the signs, they are usually placed right before the entrance of such areas. Days and times are at the discretion of the City Hall. You **MUST** be a renter in the ZTL area to obtain such permit.

CELLULAR PHONES

- Article 173 of the Codice della strada clearly states that WE CAN'T USE THE PHONE WHILE WE ARE DRIVING.

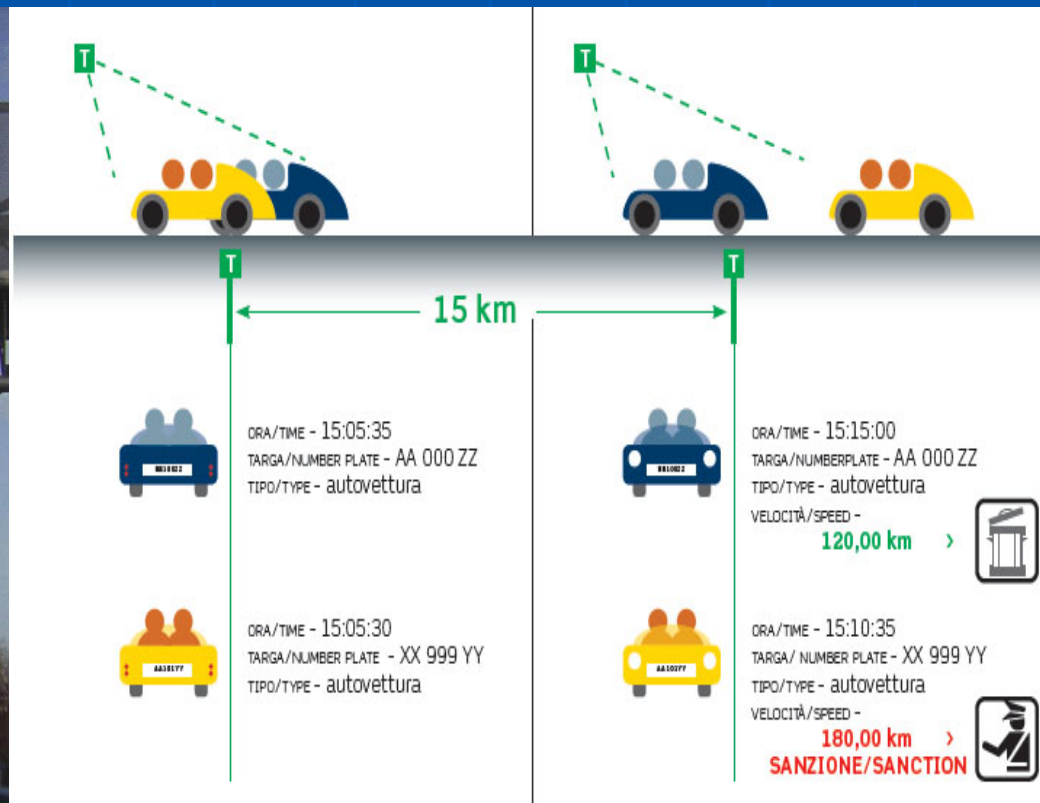

Text messages –Use of social networks do fall under Art.173 as well.

LET'S JUST STICK TO DRIVING, LET'S GET HOME IN ONE PIECE, OUR FAMILIES ARE WAITING FOR US.

TUTOR SYSTEM

- The tutor is a speed control enforcement system, along one of Naples' main thoroughfares (Tangenziale or "the Tang"/Highways) and all of major HWY's. In Naples it services over 550,000 drivers per day and captures, records, and issues thousands of speeding citations on a daily basis.
- Your cover plates will NOT protect you!

TOWING'-R-US

- When requesting towing services from Emergency Management make sure to always ask for the company's name, cost for their services.

MY CAR IS GONE, NOW WHAT?

Immediately notify Emergency Dispatch 081 568 5638 - 5639

You will need to provide POV make, model and license plate #.

*****Must file a voluntary statement with Security*****

I-7 personnel will accompany/assist you at the Italian authorities to file a denouncement for the theft of your POV.

Once we are done with the local authorities, you will need to make contact with MVRO then provide them with the original IT authorities denouncement.

If you have full coverage, contact your insurance company and make them aware of the fact that your POV has been stolen. When filing the denouncement with the local authorities you will also need to input your insurance company information/policy #.

AUTO CRIME PREVENTION

- If you are lucky enough to have a garage, USE IT
- Lock your vehicle doors.
- **Car alarms are strongly recommended**
- Always carry a spare set of house and car keys on your person or at a location that you can easily access, like your office, or a trustworthy neighbor.

Never EVER leave your house keys in the car

- Remove items that could indicate that you're an American or that you belong to a "foreign" community.

USE YOUR GARAGE

SWINDLES AND EXTORSIONS WHILE ON THE ROAD

There is a new trend out there, as you are driving along, someone will lead you to believe that you have just damaged their POV. They will honk their horn, signal you with their headlights, motion for you to pull over, they will actually pull over in front of your POV. If you are 110% sure that you did **NOT** struck their vehicle, just keep on driving, get on the phone, contact Emergency Management @ 081 568 5638 – 5639, if safe/possible, take a picture of their vehicle, license plate would really help. They will try their darn best to make you pull over to extort money out of you.

Most of the times they will have a female and a child in the POV to make you lower your level of alertness.

DON'T YOU FALL FOR IT

The purchase of a dashcam is strongly suggest.

RESIDENTIAL CRIME PREVENTION

- Your crime prevention plan begins NOW as you are house hunting.
- Be smart when choosing a home and ALWAYS keep security in mind.
- Make sure that you understand and will be able to operate the alarm system.
- Alarm contact sensors for doors and windows, as well as motion detectors are a must have. Make sure that the house you are interested in have them already installed, if not, ask for it.
- Prior to the lease signing is when you have the most leverage with your potential landlord. If you want to upgrade any of the security features of your residence, now is the time to ask for it.
- Think like a crook, how easy will it be for you to get in your own house.
- All residential alarms are composed of an internal and an external siren, a main internal unit; alarm system with a phone dialer programmed to dial out for help are a must have. Alarm system may also be monitored by an ADT type company that will actually respond to the residence when the alarm is triggered.

If you want it, ask for it.

RESIDENTAL CRIME PREVENTION I

After you move in

Do a complete inventory of your belongings, keep the inventory in a safe place. Serial numbers and photos are of paramount importance, do not throw away your HHG list.

Recovery will not be possible if you can not identify your stolen property, **reason behind the importance of serial #'s.**

- Get to know your neighbors, they are your secondary line of defense.
- Use your exterior lighting. Motion sensor activated lights are great, motion sensor LED flood lights a great.
- Don't place keys/wallets/purses/backpacks by the front door.
- **DO NOT LEAVE YOUR KEYS IN THE KEYHOLE ON YOUR METAL SHUTTERS.**

RESIDENTIAL CRIME PREVENTION II

After you move in (continued)

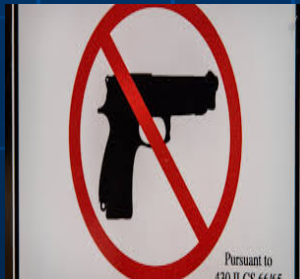

- **ALWAYS** lock your doors and windows.
- **Test your alarm system at least once a month; request for your landlord to replace the batteries prior to moving into your new residence.**
- **If you are presented with an old style main door keys aka the skeleton key, have the land lord change the main lock prior to moving in. Most likely all of the tenants before you gave a copy of the front door to their cleaning ladies, you gotta get a new lock.**
- **Make sure that your alarm system allows for your pets to move freely throughout the residence. Otherwise you need to request your landlord to install pet friendly motion sensors throughout the residence.**
- **Do not get comfortable with not having the alarm on.**
- **ACTIVATE YOUR ALARM AT ALL TIMES**

THE EUROPEAN LOCK VS. THE DINOSAUR

Honey, did you hear that?

- Is someone in the house? Immediately Turn the lights on, make noise.
- **DO NOT** get in a physical confrontation/altercation, unless you or a member of your family is physically attacked by the intruder.
- **NOPE, YOU ARE NOT ALLOWED TO HAVE NOR PURCHASE A GUN.**
- Your alarm, door/window locks, are your first line of defense, put'em to work...always lock your doors and windows, turn on your alarm.
- Make sure that your dog is properly registered/chipped on base and in town. If your dog takes a chunk off someone's butt, it needs to be a "legal bite"..
- YES, you are allowed to purchase pepper spray from the local economy. Do not order pepper spray from the US AMAZON site.
