# Naval Air Station Sigonella

## Housing Service Center

*Welcome to Naval Air Station, Sigonella, Italy !*

Thank you for your recent interest in Navy Housing submitted via HEAT website. It is our mission and our pleasure to assist you in locating safe, suitable and affordable housing at NAS Sigonella.

We are sure you are excited about your upcoming move and must have many questions and concerns. The Command Sponsor Program is one of the most important quality of life programs for our Sailors and their families. Once you have orders, contact them via e-mail at [sicily-sponsor@eu.navy.mil](mailto:sicily-sponsor@eu.navy.mil). They will answer any immediate questions you may have and will also provide you with your sponsor's contact information. They are assigned to make your transition as smooth as possible as they will provide you with information about your new duty station and living in Sicily.

Please fill out and complete the attached forms (DD 1746) and attach a copy of your PCS Orders, updated Page 2, flight itinerary, detaching endorsement from your command, and return everything via email, fax or mail. Forwarding the completed form with all attachments enables our staff to obtain vital information to establish your arrival, control date, and family size/composition. We understand that these documents may not be available at this time, and they can be provided upon check-in. Special Power of Attorney (for your sponsor to view and accept government quarters on your behalf) may be required if you plan to use the Door-to-Door (D2D) service. D2D is a Sigonella Housing program that enables newly arrived families to directly occupy government quarters upon arrival in Sigonella (subject to availability). Your home will be outfitted with loaner furniture and loaner kits provided by Fleet and Family Service Center (FFSC) Sigonella with the help of your assigned sponsor. This program helps family settle directly in their new home upon arrival from Catania Airport.

We want to advise that the Installation Commanding Officer has implemented mandatory assignment to government controlled housing for all military personnel with families.

Link below will provide housing and other important information at NAS Sigonella: <http://www.youtube.com/watch?v=qd5cWzDPTTQ>.

Subj: INSTALLATION HOUSING POLICY FOR ALL INCOMING MILITARY  
PERSONNEL WITH DEPENDENTS

1. Effective immediately, all incoming military personnel with dependents will be assigned to Marinai Military Family Housing regardless of whether or not their orders include this provision. This policy will remain in effect until the occupancy rate in Marinai reaches 92 percent.
2. Although not required, Department of Defense (DoD) civilian and contractor personnel with dependents are authorized to move into Marinai until the occupancy rate reaches 92 percent; however, due to the limited number of four-bedroom units, they will only be authorized three-bedroom units.
3. Military with dependents living on the economy and desiring to move into Marinai can apply for Housing through the Housing office at any time. You will then be put on a housing waitlist per your entitlement. You must properly clear economy housing before accepting government quarters, this means check-out process is properly accomplished (6-month notice to the landlord for early termination of their lease and all utilities bills paid). All moving expenses will be incurred by the member.
4. Military members with dependents may request an "Exception to Policy" via their chain of command to the NASSIG CO prior to arrival at Sigonella. If disapproved, they will be assigned to Marinai and a further request can be routed after 6 months or more of occupancy and if minimum 1 year of tour is still to be completed. All moving expenses will be incurred by the member

## Housing Service Center

### “DOOR-TO-DOOR” PROGRAM

The Installation Commanding Officer has implemented mandatory assignment to government controlled housing for all military personnel with families.

The “Door-to-Door” (D2D) is a Housing program that enables newly arrived families to directly occupy government quarters upon arrival and settle directly into their new home in Sigonella (subject to availability). The D2D Program can be used by those service members who wish to take advantage of their sponsor, avoid spending time and funds in temporary accommodations and move directly into government quarters upon their arrival from the Catania Airport. Sponsors are assigned to make the transition as smooth as possible as they will provide information about this program. The Sponsor will accept the unit for the sponsored and will be provided with keys to the assigned unit at the Marinai Housing Office a day prior to the assignee’s date of arrival. Please, be aware that linen is **not** provided, so incoming personnel should either ship them to the sponsor in advance or bring them in their luggage. You will need your linen available upon arrival into your new home to make the beds!

The sponsor can also schedule the delivery of the loaner furniture with the Housing Service Center and can pick up loaner kits for the kitchen that is provided by the Fleet & Family Service Center.

Only two pets shall be permitted in government quarters.

Basic Housing Allowance stops on arrival to Sigonella (this includes weekend and holidays).

To participate, the Housing Service Center will require the following documents:

1. Housing application (DD1746)
2. PCS orders
3. Updated Page 2
4. Itinerary for SVM and his/her family (i.e. the itinerary provided by SATO travel and not by Port call)
5. Special Power of Attorney for the sponsor designated to accept the unit assigned in government quarters according to legal and housing policy.

We look forward to assisting you during your transition. If you have any questions, please do not hesitate to contact us before and upon your arrival in Sicily at [NASSIG-HousinghelpDesk@eu.navy.mil](mailto:NASSIG-HousinghelpDesk@eu.navy.mil)

# RENTER'S INSURANCE

Do you have coverage and is it sufficient?

## Importance of Renter's Insurance

When living in government housing or on the economy, it is important to be covered with renter's insurance. The Department of Defense does not provide renter's insurance for government-owned/leased housing or rental housing on the economy. So, it is your responsibility – military members and civilians – to ensure protection of your possessions and liability coverage if there is an accident or natural disaster. It is important to have sufficient coverage on your renter's insurance policy, too. Renter's insurance generally covers your personal property, so a basic policy may not cover the cost of damages you made to your unit or rental home.

Below are examples where residents have been charged for damage they caused to their homes. The military member or civilian did not have renter's insurance, or their policy did not cover the damage they caused, so they were financially responsible.

### Example 1

Resident put hot barbecue coals into a trash can next to the garage. The trash can caught fire and caused \$15,000 in damages.

### Example 2

Resident did not adequately tighten the water supply hose to the washing machine, which allowed a slow leak to go undetected. It resulted in extensive mold growth behind the wall. Repair costs were more than \$10,000.

### Example 3

Resident's child clogged the toilet, causing an overflow and several thousand dollars of water damage to the home.

## Understanding your Renter's Insurance Policy

It is important to understand what your renter's insurance covers. Coverage varies between insurance providers. Some policies do not cover accidental damage you cause to your home like in the examples listed above. Other companies cover it under the liability coverage of the policy. And some companies may require you to purchase additional coverage beyond the basic policy, such as water and sewer backup coverage.

To be sure your renter's insurance covers costs for building damage you may accidentally cause. Ask the insurance agent, "Will my policy cover costs my landlord charges me to repair damages I cause to the rental unit? For example, if my child accidentally clogs the toilet or sink causing a water overflow and the flooring must be replaced?" If the answer is no, ask if the agent if there is supplemental coverage offered or look at other insurance policies that provide coverage for these types of damage.

Protect yourself from unexpected expenses. Renter's insurance is relatively inexpensive, often less than \$20 a month depending on your coverage. Also, you may be able to bundle it with your auto insurance and save money.

Your installation's Legal Services Office is available to discuss insurance policy terms and conditions before you buy the policy.

### Renters Insurance: Protect yourself wherever you live - UH, FH or Local community

The Department of Defense and the Navy recommends that all residents seriously consider renters insurance when home or abroad. Whether you live on the economy, in Government Family Housing or in Unaccompanied Housing, you don't have the responsibility of ownership which includes worrying about major repairs to the property. However, you are responsible for your own possessions, including damages. Renters insurance is a necessary tool to avoid high replacement costs of your possessions in case of natural disasters, accidents, thefts and similar situations. When searching for the insurance that provides all you that you need, be aware of the limitations on the different types of insurance available.

**Standard ....**Almost every policy will cover your possessions up to a certain amount in the case of damage due to most natural disasters or a problem with the property itself. If the plumbing is faulty, leaking and creating water damage to your furniture, for example, standard renter's insurance will cover it. It may not pay you enough to purchase the same pieces, but it is a help. You want to make sure that natural disasters are not omitted in your policy. Sometimes, floods, hurricanes and earthquakes are not included in the policy. This policy will usually cover you against theft.

**Liability...**You want to be sure that you are covered if someone is hurt at your home. While this may be covered in the homeowner's policy, there are times when it may be considered your fault.

**Living Expenses....**This insurance is for when the property becomes uninhabitable. It will help provide alternative living quarters for you and your family. This could come into play if there is a fire or severe structural damage, or if there is a problem in which there will be no electricity or water for an extended time. If active duty, emergency TLA covers a house when uninhabitable but the insurance may help with other expenditures.

**Extended Coverage....**You can opt to purchase coverage for things that are not normally covered; like jewelry for example. You may also want to consider how much you will get for your belongings. If your policy won't pay enough to replace them, you can purchase additional coverage.

**What renter's insurance covers....**There are several types of home and renters insurance policies available. A policy called the HO-4 is designed for renters and covers damage from 16 types of perils:

1. Fire or lightning
2. Windstorm or hail
3. Explosion
4. Riot or civil commotion
5. Damage caused by aircraft
6. Damage caused by vehicles
7. Smoke
8. Vandalism or malicious mischief
9. Theft
10. Volcanic eruption
11. Falling objects
12. Weight of ice, snow, or sleet
13. Accidental discharge or overflow of water or steam from within a plumbing, heating, air conditioning, or automatic fire-protective sprinkler system, or from a household appliance.
14. Accidental discharge or overflow of water or steam from within a plumbing, heating, air conditioning, or automatic fire-protective sprinkler system, or from a household appliance.
15. Sudden and accidental tearing apart, cracking, burning, or bulging of a steam or hot water heating system, an air conditioning or automatic fire-protective system; freezing of a plumbing, heating, air conditioning or automatic, fire-protective sprinkler system, or of a household appliance.
16. Sudden and accidental damage from artificially generated electrical current (does not include loss to a tube, transistor or similar electronic component)

**What renters insurance may not cover (some insurance companies do)....**Just as with home insurance policies, renters insurance won't cover damage from "earth movement," which includes earthquakes, mudslides and landslides.

Also typically excluded are:

1. Floods
2. War
3. Nuclear hazard
4. Neglect, meaning your failure to save your property at the time of loss or after.
5. Intentional loss, meaning your intentional destruction of your property.
6. Governmental action, such as seizure of the property.

**Take inventory....**To ensure you're compensated for any belongings you lose from a fire, storm or other catastrophes; you should inventory all of your personal belongings. List each item, its value and serial number when possible. Photograph or videotape each room, including closets, open drawers, storage buildings and your garage. Keep receipts for major items in a fireproof place. To make things easier, the Insurance Information Institute has free inventory software at <http://www.knowyourstuff.org>

Saving money on renters insurance just like homeowners insurance policies, your renter's insurance premium depends on a number of factors: where you live, your past claims, your deductible, and your insurance company and whether you need any additional coverage. Averages range from \$125-\$675 yearly.

**Common ways to save on renters insurance include:**

- Increasing your deductible (the amount you pay before your coverage kicks in).
- Asking for discounts for smoke and fire detectors, and security systems.
- Buying your car insurance from the same company, called a "multiline" discount.
- Paying your renters insurance bill in full rather than in installments.

### **Responsibility**

It is the tenant's responsibility to search for the best company and insurance that may fit their own needs and expenditures and to sign for the contract directly with the selected company.

### CODICE FISCALE REQUEST

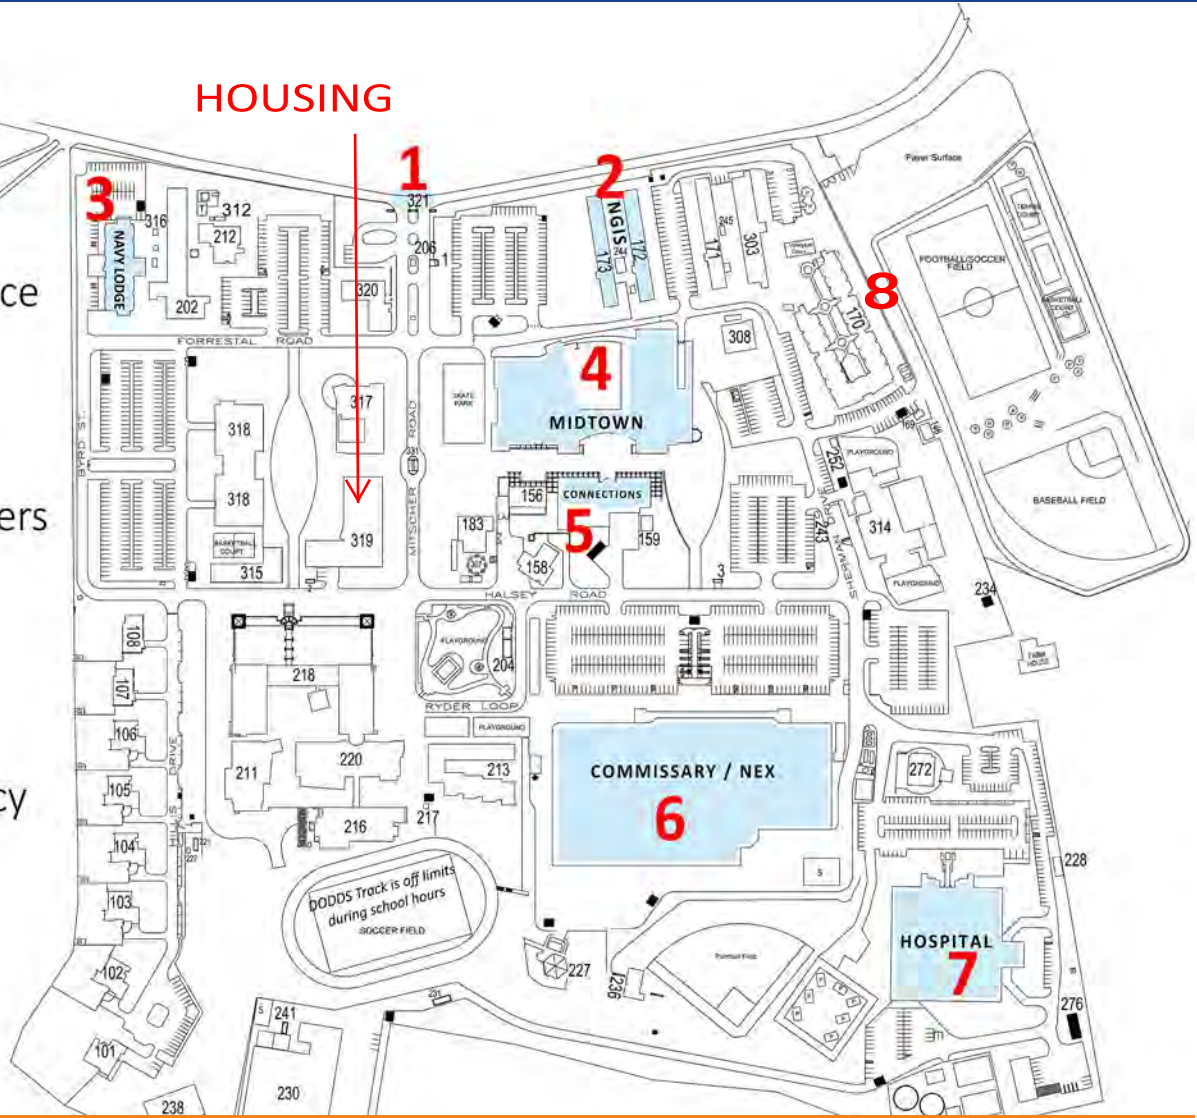

1. To obtain a Codice Fiscale you must have a personal Passport or government no-fee passport to apply. Birth certificates are no longer accepted. Another great reason to have a Passport is to travel within Europe, because a Passport is required to stay in Hotels, even in Sicily.
2. The Codice Fiscale is equivalent to the US Social Security Number. It is mandatory in Italy for any transactions involving:
  - Signing Housing leases
  - Utilities contracts
  - Purchase/sale of cars or property
  - Purchase/sale of cellular phones
  - Opening an Italian Bank Account
  - Other services on the economy etc.
  - Furniture or large purchases
3. For all civilian and military personnel who are authorized to move to the economy, you will need to have your Codice Fiscale in time for your lease negotiation appointment. This will allow the lease negotiator to establish your electricity and telephone services. It is essential for you to fill out your Housing application upon your arrival. Codice Fiscale's are also processed for those living in Government quarters in Marinai Housing. Once the application has been filed, you will be able to pick up the paper copy at Housing after a week, and the hard copy will arrive through the mail at your mailing address at a later date.
4. Codice Fiscale requests are processed once a week by the Housing Service Center at the local immigration office for civilian/service members only needing assistance for Housing related issues.
5. If you cannot acquire a Codice Fiscale you will not be able to move out onto the economy.
