# NSA Naples, Pompeii City Council Strengthen Bond

By NSA Naples Public Affairs

Pompeii City Council officials visited NSA Naples Apr. 17, 2025, to strengthen the bond between their communities. Protocol Officer Mario Estatico and Liaison Officer Mario Muscariello met with installation Commanding Officer Capt. # News in Brief: Around the Installation

**Adventurous morning at the USO's Teddy Bear Clinic:** With support from the U.S. Naval Hospital Naples and the NSA Naples Fire & Emergency Services, over 50 children brought their beloved teddy bears in for a fun and educational check-up. Lt. Cmdr. Ceen and her amazing team helped nurse teddy bears back to health, complete with a certificate to attest to it. Meanwhile, some awesome friends from the Fire Department took the kids (and their bears) on a ride in the fire engine and shared important fire safety tips. The day was filled with music, snacks, coloring sheets, laughter, and big smiles from our littlest heroes. The USO is beyond grateful to the incredible community—thank you for helping us bring these special moments to life!

**DoDEA National Italian Honor Society:** At the DoDEA Naples Middle High School, the National Italian Honor Society organized a meeting with a group of children from a local Italian elementary school. They donated school materials they collected and engaged in fun activities. Their students had a wonderful time in the process. Great job, Wildcats!

**Eggstravaganza:** This event was a fun-filled day of candy hunts, bounce houses, food and an Imagination Movers concert. Another perfect weekend at Carney Park!

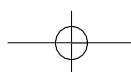

**USS MOUNT WHITNEY:** Students from DoDEA Naples Middle High School's NJROTC learned about life aboard a warship in the world's finest Navy. Sailors and U.S. Navy's Military Sealift Command Civil Service Mariners taught the students about ship navigational and operational capacities aboard the USS Mount Whitney and showed them how to fight fires. They also had the chance to highlight Marine counterparts with a small arms demonstration and engage in a Q&A session with Maj. Gen. David Odom.

**Retired personnel celebrated at JFC Naples:** On the 76th anniversary of NATO, Adm. Stuart Munsch, Commander of Allied Joint Force Command, Naples, was honored to receive hundreds of former personnel to the JFC in Lago Patria, the current home of NATO in Italy, all who worked for the Command at some point during the past 75 years. The guests were welcomed by the Commander and presented with a token of gratitude for their service.

**Play ball!** More than 350 kids and volunteer coaches were at Carney Park to start Youth Sports baseball/softball season. A snack shack operated by Italia Welfare and Recreation Association and flea market are available each Saturday of the baseball/softball season. Come out and watch the kids play ball, enjoy a cornetti and find some treasures at the market!

# Off-Base Housing: Security Deposits Transitioning to Electronic Payments

*This higher headquarter directed security deposit policy change aligns NSA Naples with all other DoD bases across the world and will enable personnel to experience the convenience of electronic payments.*

*By NSA Naples Public Affairs*

At the direction of higher headquarters, Commander, Navy Region Europe, Africa, Central (CNREURAFCENT), NSA Naples is transitioning to electronic fund transfer (EFT) for off-base housing security deposit to ensure that our personnel living off-base can expect the same processes and standards they would experience at all other DoD bases across the world.

If you're stationed in the Naples area, residing off-base, and paid your security deposit in cash, it will be returned to you electronically and you will pay it back to your landlord electronically. The housing office will contact you to sign two acknowledgement forms and a lease amendment to complete the process and go electronic.

This higher headquarter directed security deposit policy change aligns NSA Naples with all other DoD bases across the world and will enable our personnel to experience the convenience of electronic payments.

Electronic payment removes a layer of bureaucracy allowing tenants to receive their security deposit directly from the landlord instead of going through NSA Naples housing office. Quick and easy.

Furthermore, electronic payment is more convenient than taking a trip to the ATM to get cash and more secure than carrying cash around. Going electronic will also reduce and/or eliminate the potential for cash drain at installation ATMs.

In the modern era, electronic payments are the preferred method of monetary transactions for every other overseas station and keeps an electronic transaction history, vice dependence on paper payment receipts.

[CLICK HERE](#) for the new Off-base Housing Security Deposit Process Fact Sheet and Issue Resolution Fact Sheet.

For questions regarding the new security deposit process, contact the housing office at:

[Naples\\_Housing@us.navy.mil](mailto:Naples_Housing@us.navy.mil)

**DSN:** 629-4466

**Commercial:** +39-081-629-4466

This change will **ONLY** affect tenant personnel residing off-base that have executed private lease agreements through the NSA Naples Housing Service Center (HSC) prior to 10 June 2024.

Personnel **PCSing out of Italy by December 2025** will be grandfathered in and not be affected by this new policy.

The housing office will contact all concerned to sign two acknowledgement forms and a lease amendment to complete the process and go electronic.

## Your Questions Answered

[What if the landlord refuses to return the deposit?](#)

A landlord who fails to return the deposit to a tenant would be subject to immediate removal from the NSA Naples housing program. It is an extremely rare occurrence to see a landlord who fails to return a security deposit back to tenant here in Naples. Per the lease agreement, and in rare instances where security deposit dispute between tenant and landlord cannot be resolved through informal meeting with the housing office, either party will have all remedies available to them under the law. As a DoD personnel, if you are not getting the legal help you need, you should always engage your chain of command to escalate the issue through appropriate channels.

[Will the security deposit be returned in Euros?](#)

Deposits are electronically returned in Euros if you provide account information that includes an IBAN number linked to a Euro bank account. If a tenant has a U.S. bank account, they will receive the money in dollars. Most personnel that own a community bank account have reported that it makes security deposit, rent, and bill payments to Italian landlords much easier. Other personnel are known to use the wire transfer service known as Wise. As for the exchange rate, this fluctuates on a daily basis and each tenant may realize a positive or negative difference between transactions depending on when the transaction occurs.

[Is it my responsibility to inform my landlord about this policy change?](#)

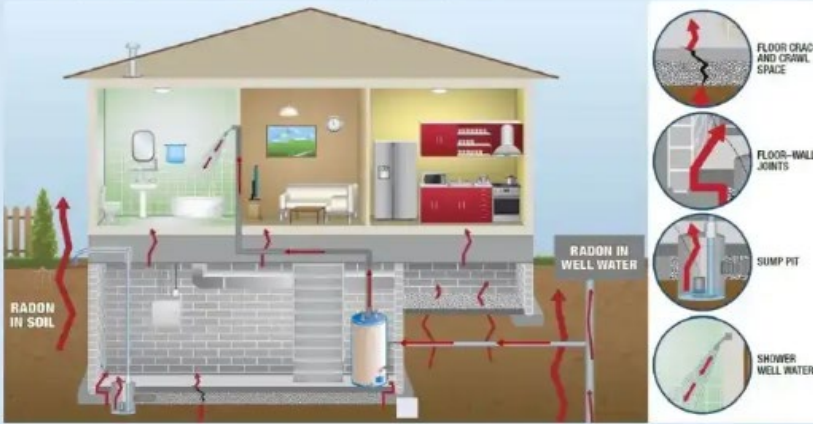

No. The housing service center will explain the policy change to each landlord.

## Radon Awareness: How Radon Enters Homes

*On-base residential and non-residential units, including off-base Government leased units are in compliance with the Navy Radon Management Program.*

Radon can enter your home in many ways:

- Cracks in solid floors
- Construction joints
- Cracks in walls
- Gaps in suspended floors
- Gaps around service pipes
- Cavities inside walls
- The water supply

[www.epa.gov/radon](http://www.epa.gov/radon)

*By NSA Naples Public Affairs*

Radon is a naturally occurring, radioactive gas that is odorless, colorless, and tasteless. Radon gas is released from rocks and soil and can move to air, groundwater, and surface water. It is normally found at very low levels in outdoor air and can be found in water used for cooking and drinking.

In compliance with the Navy Radon Assessment and Mitigation Program (NAVRAMP), NSA Naples on-base residential and non-residential units, including off-base Government leased units are either tested or mitigated or currently being tested.

Personnel that live off-base have entered into a private contract with their landlord, therefore limiting the scope with which the U.S. government may intervene or have control over said contract. However, DoD personnel living off-base can work with their landlord to test for and mitigate radon, if desired, at their own expense. The lessee may work with the lessor to address any identified issues, as outlined in Section 19 of the NSA Naples housing lease.

While NSA Naples has a known overall potential for elevated radon levels, classifying the installation as a Radon Potential Category (RPC) 1 according to NAVRAMP, the installation is complying with NAVRAMP testing and mitigation policies at government owned/controlled units. RPC 1 is simply the level assigned when even one unit or building is found on the installation with a radon level over the minimum threshold of 4.0 picocuries per liter (pCi/L).

Information about **finding an at-home radon test kit** is available through the Environmental Protection Agency: [HERE](#)

Information about **testing your home for radon** and its health impacts is available through the Centers for Disease Control: [HERE](#)

# Naples Public Health Evaluation

## In-Focus: Food Safety in Naples

By: Josephine Schneider

### Food Inspection On-Base

One of Naples Public Health Evaluation’s enduring processes is food safety, which seeks to ensure that food sold at the Commissary on U.S. Naval Support Activity, Naples Support Site is safe to eat and undergoes a rigorous process by the U.S. Army Veterinary Command (VETCOM) who serve as the local food inspectors before entering the store to be sold. The Commissary has labeled the fresh produce to inform shoppers of the area from which the produce is grown. Much of the produce in the Commissary is from Germany and Northern Italy.

### Continuous Food Safety Monitoring

Food provided on base is monitored on an ongoing basis. The U.S. Naval Hospital Naples Preventive Medicine routinely inspects all dining facilities on base to ensure that food is properly stored, maintained, and prepared. In accordance with Department of Defense Directive 6400.4, VETCOM ensures inspectors are stationed in the Commissary and consistently monitor food products; all food products are from VETCOM-approved sources that have been inspected; buying from approved sources is required for all meat, dairy, eggs, prepared vegetables and bottled water (fresh produce is exempt in Western Europe); proper facility sanitation; personal hygiene practices of food service workers; and education of food service managers and employees about food safety.

### Food Inspections Off-Base

The U.S. Government does not inspect restaurants or supermarkets off-base. Italy has a system in place to inspect Italian food facilities, markets, and suppliers. However, the health and well-being of all personnel and families in Naples is the base’s top priority. VETCOM inspects Italian food manufacturing facilities producing food that is supplied to U.S. military installations.

### Food Safety Tips

The U.S. Department of Health and Human Services provides valuable sanitary practices that can apply wherever you live in the world:

- Wash fresh fruits and vegetables thoroughly with potable water prior to eating or cooking.
- Immune-compromised people should consume only cooked fruits and vegetables.
- Use separate cutting boards, plates and utensils for uncooked and cooked meats to avoid cross-contamination.
- Use a food thermometer to make sure meat is cooked to a safe temperature.
- Refrigerate hot or cold leftover food within two hours of being served. Keep leftovers for three to four days when properly refrigerated.

If at any point you feel your health is being or may be impacted by the environment, please contact your primary care physician. If you have questions about any of NPHE enduring processes, or any other environmental life, health or safety issue, send an email to [Naples\\_LHS\\_questions@us.navy.mil](mailto:Naples_LHS_questions@us.navy.mil)

### What Is Naples Public Health Evaluation (NPHE)?

The Naples Public Health Evaluation is a comprehensive study of the health risks associated with potential exposure to chemicals in the environment resulting from the area’s waste disposal practices. The Campania region of Italy has experienced numerous challenges associated with trash collection, open burning of uncollected trash and illegal waste disposal practices. In response to health concerns expressed by U.S. Navy personnel in 2007, the Commander, Navy Region Europe, Africa, Central (CNREURAFCENT) contacted the Navy and Marine Corps Force Health Protection Command (NMCFHPC) to conduct a comprehensive public health evaluation to assess the potential health risks for U.S. personnel living in the Naples area. The NPHE was conducted from January 2008 to June 2011.

### What did the Navy learn from NPHE?

Through the Public Health Evaluation, the Navy has been able to identify and address public health risks for U.S. personnel living in the Campania region. The Navy established new health-protective policies and took immediate action to protect the health of U.S. personnel and their families. **Many of these health-protective policies remain in place, as enduring processes, to ensure continued health protection beyond the life of the study.**

### Where are the results of NPHE and where can I read more about this evaluation?

The NPHE results are located on the Health Awareness section at NSA Naples website: [Read More About NPHE](#)

## Your Health: Facts for Families in Naples About: Food On and Off-Base

*The U.S. Navy is committed to ensuring our families are safe while serving our country at home or overseas. The following information is provided as part of a wide-ranging effort to understand the health risks of our personnel and families living in Naples, Italy. A comprehensive Public Health Evaluation was conducted to assess potential short and long-term health risks associated with living in the Naples area (see left panel). In line with our commitment to continually share important health information, we encourage you to review the following information.*

In 2007, numerous reports of high dioxin levels and other chemicals in air, water, and soil created a concern amongst the U.S. Navy community that foods grown in the Campania region could be contaminated. Articles in newspapers and in some Italian scientific journals alleged links between adverse health effects and the toxic waste dumps in the Campania region. These articles implicated locally grown vegetables, fruits, and mozzarella di bufala as possibly contaminated foods.

As part of the Navy’s overall efforts to be protective of the health of U.S. military and civilian personnel and their families in Naples, the Navy and U.S. Army Veterinary Command (VETCOM) conducted an investigation of foods produced in the Campania region and sold in the Naples Gricignano D’Aversa Navy Commissary (Commissary). The food study was performed in February 2008.

VETCOM is the Department of Defense executive agent for food safety and quality assurance and is responsible for providing direct assistance to all DOD agencies requiring support with respect to food safety and food defense.

*Although there are multiple layers of health protection already in place for U.S. personnel purchasing food items at the Commissary, the presumed higher potential for environmental contaminants to be present in the Campania region led the Naples Public Health Evaluation team to conduct a food study. The study went beyond routine inspections of food products by performing various laboratory analyses, which are normally not mandated by VETCOM. Foods grown locally, particularly fresh fruits and vegetables, received a closer look.*

Using the above criteria, an assessment of the Commissary was conducted. Products that met the food study criteria and were thus evaluated in the study included:

- Artichokes
- Celery
- Spinach
- Cabbage
- Chicken
- Carrots
- Mushrooms

# NSA Naples Observes National Sexual Assault Awareness and Prevention Month (SAAPM)

Sailors and civilians gathered to recognize Sexual Assault and Awareness Prevention Month, Apr. 15, 2025.

*By Josephine Schneider*  
April was Sexual Assault Awareness and Prevention Month (SAAPM). Capt. John Randazzo, installation commander, signed a proclamation declaring that NSA Naples would observe this campaign and take a united stand against sexual assault.

Sexual assault is the most underreported crime in our society and in the Military. While the Department of Defense prefers that sexual assault incidents are reported to the command to activate both victims' services and law enforcement actions, it recognizes that some victims desire only healthcare and advocacy services and do not want command or law enforcement involvement. The Department believes its first priority is for victims to be treated with dignity and respect and to receive the medical treatment, mental health counseling, and the advocacy services that they deserve.

Under DoD SAPR Policy, Service members and their adult military dependents have two reporting options: Unrestricted Reporting and Restricted Reporting.

Unrestricted Reports allow adult victims of sexual assault to report crimes without requesting confidentiality of their allegations. DoD law enforcement initiates

an investigation, and the chain of command is notified. Unrestricted Reporting allows victims to receive medical treatment, advocacy services, legal support, and eligibility for expedited transfer. In addition, Unrestricted Reporting allows victims of sexual assault to report retaliation in the SAPR program.

Restricted Reports allow adult victims of sexual assault to confidentially report the crime to specified individuals without triggering an investigation. Information provided to the chain of command does not reveal personally identifying information about the victim or alleged offender. Restricted Reporting allows the victim to receive legal advice, medical treatment, and advocacy services.

Regardless of which reporting option is chosen, or if no report is filed, there are dedicated response personnel available to provide advocacy, information, and resources to victims of sexual assault. More information is available in the Victim Reporting Options Guide.

To learn more about SAAPM, visit [www.sapr.mil](http://www.sapr.mil), or contact our local SAPR office:

### Victim Reporting Options Guide

Sexual assault is a crime that harms our Service members, erodes our readiness, and hinders our ability to field the ready force that the National Defense Strategy requires. Deciding whether to report a sexual assault is a deeply personal decision; however, reporting can be a gateway to recovery. The DoD's Unrestricted Reporting and Restricted Reporting options allow Service members who experience sexual assault to exercise control over how and when they engage with helping resources. Both reporting options allow victims to receive medical, legal, and advocacy services.

**Unrestricted Report**  
Allows adult victims of sexual assault to report crimes without requesting confidentiality of their allegations. DoD law enforcement initiates an investigation and the chain of command is notified. This option also allows reporting of retaliation related to a sexual assault report.

**Restricted Report**  
Allows adult victims of sexual assault to confidentially report the crime to specified individuals without triggering an investigation. Information provided to the chain of command does not reveal personally identifying information. Only SARC's, SAPR VAs, and health care personnel can accept a Restricted Report.

*By Josephine Schneider*  
NAPLES, Italy – U.S. Naval Support Activity (NSA) Naples Security Forces joined Allies and Partners at the Military Training Center in Giuliano, Campania, Naples, Italy for the Small Arms Marksmanship Challenge, Apr. 16. The international competition tested marksmanship and physical readiness, fostering camaraderie and strengthening bonds between NATO allies and partner nation security forces.

Open to active duty, reserve, and retired service members, the challenge pitted participants against elite combat arms instructors from around the world, including Italy, Sweden, Germany, France, Spain, Belgium, Norway, Greece, and South Africa, with badges, medals, and ribbons up for grabs.

As the U.S. Navy marks its 250th anniversary, the focus on interoperability and joint training reinforces the importance of a unified global force. Events like the Small Arms Marksmanship Challenge reflect the Navy's commitment to operational excellence and strategic partnerships.

The challenge provided invaluable training and reinforced the principle that we are Stronger Together.

## Terminate Government Quarters

It is important to know that if you are leaving base housing for any reason, including PCS you are required to have an in person appointment to give 30 day notice and you must contact the assignment office to schedule an appointment.

### 1<sup>st</sup> Appointment at Housing Service center

- The Assignment office is located at the Support Site Facility Building 2072 and is open Monday through Friday, from 7:45: a.m. Until 3:45p.m. Contact the office at DSN 629-4930 to schedule your first appointment.
- Bring a copy of your PCS orders to this first appointment. You will complete an “Intent to Vacate” notice and schedule your preliminary and final inspections. The Assignment Counselor will arrange for loaner furniture to be delivered and picked up.

### 2<sup>nd</sup> Appointment at your Apartment

- During the pre-inspection of your home, the Housing representative will inform you of what will be expected at the final checkout, as well as take notes of needed repairs. During the pre-inspection, be sure to ask any questions you may have concerning items that have been lost or damaged. This inspection will take approximately 60 minutes.
- Please make arrangements to keep this pre-inspection appointment. Missing the appointment will slow up the vacating process.

# Ongoing Maintenance at Support Site

## Spring Preventive Maintenance

Our Spring Preventive Maintenance (PMI) is in high gear! We want to remind you of the importance of being home or ensuring your furry friends are safely tucked away in kennels on the scheduled day. Please ensure that your dryer is empty, as we will be conducting cleaning of the dryer exhaust vents. Scheduled maintenance helps keep our community in top-notch condition, ensuring your homes are comfortable and running smoothly. By completing these routine checks, we can address any potential issues before they become major headaches. Remember, your cooperation is invaluable in maintaining the quality of life we all enjoy here. It is a collective effort that keeps our community thriving. So, let's work together to keep our homes happy and healthy!

## What is a Preventive Maintenance Inspection (PMI)?

A Preventive Maintenance Inspection is a proactive process aimed at preventing and addressing potential maintenance issues in residential properties before they become a serious problem. Here at NSA Naples, we do PMI's in the spring and fall seasons.

## Pet Responsibility

As pet parents, we have the responsibility to care for and protect our furry friends. It's important to remember that having pets in Support Site housing is a privilege, and with that comes the responsibility of following the rules that keep both our pets and community safe. Please note that it is against the pet policy to have your pet's off-leash in common areas or left alone on balconies. These rules are in place to ensure the safety of your pets and everyone in the neighborhood. Pets should always be supervised and kept in secure environments to prevent accidents or injuries. Let's all work together to ensure a safe, healthy, and pet-friendly community! We encourage everyone to read the resident handbook and go over the pet policy here at NSA Naples.

We've observed an ongoing issue on our support site: pet excrement is being disposed of in trash cans inside playgrounds. Let's keep our community clean by using the designated pet waste stations instead!

Additionally, a friendly reminder that dogs are not allowed in human parks; please utilize our dog parks for your furry friends.

Air Conditioning Schedule 2025

Due to feedback from previous years, we are transitioning earlier in anticipation of warmer weather. Check out the air conditioning schedule below!

Please note that generally, during the hotter seasons, air conditioning is activated for junior personnel first, with senior officers receiving it last. During colder seasons, heating is activated for junior members first, and senior officers last. This system ensures the well-being of junior personnel in extreme temperatures.

# Interactive Customer Evaluation (ICE) System

*Every feedback is welcomed, good or bad, that’s the surest way to help the installation improve services and quality of life in the community*

By NSA Naples Public Affairs

The Interactive Customer Evaluation (ICE) system is a web-based tool that collects feedback on services provided by various organizations throughout the Department of Defense (DoD) including here at NSA Naples. Feedback can be positive (give a shout-out) or negative (report an issue). A combination of both is what helps us improve our services to better serve you.

**Benefits of ICE:**

- Allows community members to quickly and easily provide feedback to service provider managers on the installation.
- Gives NSA Naples leadership timely data on service quality.
- Allows service provider managers to benchmark their performance against like services in other DoD organizations.
- Saves money by providing an enterprise-wide capability to manage the resources necessary to collect and report on customer feedback and satisfaction ratings.

**Do I get a response after submission?**

Generally, if you provided contact information at the time of submitting an ICE Comment, it will be responded to within two weeks.

**Response to your ICE Comment**

**Housing**

*Housing’s communication over the last three years has significantly improved. From newsletters, social media and building posts it’s night and day from when I came to this base. We chose to stay on base because of the significant changes they have made and improvements to the base. The people that work there clearly are dedicated. Thank you for all your impeccable service.*

**Child & Youth Programs**

*I just wanted to say thank you to Mrs. Joanne who works at School Age Care (SAC). My daughter attends the after care program and Mrs. Jo (as she calls her) has been extremely helpful with Nia. I know it can be challenging dealing with a lot of kids at once but Mrs. Joanne has always been so helpful and very informative about what’s happening with my child. As a parent this gives me peace of mind knowing that staff members like Mrs. Joanne is looking after her. Thank you for all you do!*

**Motor Vehicle Registration Office**

*I worked with Angelo, who was not only professional he was very kind! He walked me through the process -which can be stressful- but the process went very smoothly for me. He was responsive to my messages and got back to me quickly. The process was fast actually for buying out in town.*

**Ombudsman Program**

*My ombudsman Ruth Smith does a fantastic job updating spouses on various topics and events. She goes above and beyond to create social gatherings to connect spouses and support the families while our active duty spouses are traveling. She encourages community!! Thankful for a strong overseas ombudsman program.*

**FFSC**

*I received outstanding counseling services with Lynn Whiteaker. She helped me and my family through a significant milestone. Lynn is very personable, has a variety of tools, worked hard to fit me into her full schedule. She is a valuable asset to our community. I am incredibly thankful to have received this much needed service while living overseas.*

## Local Lens: Unveiling Campania’s Hidden Gems

### Rediscovering Silence — The Hermitage of San Michele in Foglianise

*By Paolo Cutillo, Contributing Writer*

Tucked away on the slopes of Mount Caruso near the small town of Foglianise, in the province of Benevento, lies a hidden sanctuary where time seems to stand still: the Hermitage of San Michele. This centuries-old cave-chapel, carved into the rock, has long served as a sacred space for solitude, prayer, and connection with nature.

Today, the hermitage is experiencing a quiet revival, thanks to the dedication of a local volunteer group called La Via Silente. Committed to preserving local heritage, these young residents have taken on the care of the site—clearing trails, guiding visitors, and organizing cultural and spiritual gatherings.

Reaching the hermitage requires a gentle 30-minute trekking walk through chestnut woods and along natural springs. The reward is not only a breathtaking view over the Vitulano Valley but also a profound sense of peace. “People come here to listen to silence,” says Anna, one of the volunteers. “But they also rediscover a deeper connection—with the land, with time, and with themselves.”

In a fast-moving world, places like the Hermitage of San Michele remind us of the value of slowness and simplicity. It is not just a historical site—it’s a living symbol of community, memory, and mindful presence.

And after the long walk you can take the chance to discover local products with tradition, quiet and resilience in a place that preserves a space of meaning and beauty—off the radar, but close to the soul.

Upcoming Demolition of B443 at  
Capodichino: Four Things to Know

The demolition of Building B443 is scheduled to begin around May 2025. B443 is the former barracks; the long structure located behind the Mobile Bar. This demo project will necessitate some changes that all tenants should be aware of and plan for accordingly.

Mobile Bar Relocation - Enjoy Uninterrupted Service!

To ensure continued service during the B443 demolition, the Mobile Bar will be temporarily relocated to a new spot near B447. For reference, B447 is located opposite the C4I entrance area. Don't worry, the current Mobile Bar will remain open until the new location is ready! We'll share more details about the move, including the opening date of the temporary location, as soon as they are available.

BBQ Pit Temporal Closure Starting in Late March 2025

As part of the Mobile Bar's relocation project, the BBQ pit near Building B447 will be temporarily closed from around end of March to April 2025. This closure will allow for the installation of essential utilities at the Mobile Bar's new temporary location.

Outage of Smoking Area Near Mobile Bar

The Smoking Area/Gazebo located near the Mobile Bar and B443 will be closed starting in April 2025 until project completion, anticipated in summer 2026.

Pedestrian Traffic Detour

For your safety during the B443 demolition project, a pedestrian detour will be in effect starting in April 2025. The detour will remain in place until project completion, anticipated in Summer 2026. Please follow posted detour signs and exercise caution while navigating the area.
