NSA NAPLES, ITALY HPCON: ALPHA

THE PLAN OF THE WEEK CONTAINS OFFICIAL INFORMATION AND IS NOT TO BE REMOVED FROM THE LIMITS OF NSA NAPLES, ITALY.  
 ALL PERSONNEL ARE RESPONSIBLE FOR KNOWLEDGE OF THE CONTENTS OF THE PLAN OF THE WEEK.

# MILITARY UNIFORM WEAR PROHIBITED OFF-BASE!

## NOTES:

- **URGENT SAFETY NOTICE: IMMEDIATE ACTIONS REQUIRED FOR ALL CONFINED SPACE OPERATIONS:** Within the last quarter, NSA Naples has experienced two significant mishaps, both resulting from a failure to follow established confined space entry procedures. Incident 1: A contract employee performing utility work within a false floor was overcome by noxious gases, requiring an emergency rescue and extraction. Incident 2: An employee fell through an unprotected opening into a confined space after a glass utility panel was removed for cleaning. This incident not only caused injury but also resulted in damage to cultural artifacts and created a significant, unabated fall hazard.
- **Mandatory Procedures for All Confined Space Entries:** Per NAVSUPACTNAPLESINST 5100.13B, all confined spaces on NSA Naples installations are considered PERMIT-REQUIRED. There are no exceptions. All leaders, supervisors, and contracting officer representatives (CORs) shall immediately review their operations for any planned or ongoing work involving confined spaces. You MUST contact the NSA Naples Safety Office at M-NA-NSA-SAFETY@us.navy.mil prior to ANY entry into a confined space. This is not optional. Failure to notify constitutes a direct violation of command safety policy and places lives at risk. For any questions regarding this message or confined space procedures, please contact the Confined Space Program Manager, Mr. Paolo D'Alterio at 626-5105, paolo.dalterio.ln@us.navy.mil or the NSA Naples Safety Office immediately.

## ALCOHOL AWARENESS:

- Alcohol awareness is not a poster on a wall. It's a readiness issue, a safety issue, and a leadership issue. Every Alcohol-Related Incident (ARI) is preventable, and every preventable incident steals time, trust, and talent from this command. As of this week, we are [ 4 ] days since our last ARI. Let's keep that number climbing for the right reasons. If you choose to drink, do it responsibly: have a plan, protect your shipmates, and do not drink and drive. Look out for the people who look "fine" but aren't. Real leadership is what you do before something goes wrong. Also, keep your decision-making clean when you're tired. Long days and watch rotations push people toward "quick fixes." OPNAV N173 highlights that energy drinks are widely used across the Fleet, and studies show they can raise blood pressure and impact the heart in ways not seen with coffee alone. Pairing alcohol, sleep disruption, and heavy stimulant use is a bad trade for your health and recovery. Read labels, know what you're putting in your body, and fuel smarter. For supplements and "legal" products: don't play games with your career. ALNAV 003/26 makes it clear: Sailors and Marines are prohibited from the use, possession, distribution, and/or manufacture of any product containing or derived from kratom, including mitragynine or 7-hydroxymitragynine, whether natural, semi-synthetic, or synthetic. Violations can trigger UCMJ action under Article 92. If you need help, get it early. Talk to your Chain of Command, your DAPA, or medical. Asking for support is a sign of strength, not weakness. Stay ready. Stay safe. Take care of each other.

## NSA NAPLES COLOR GUARD:

- NSA Naples Command Color Guard is looking for more sailors to join our team! If your sailors are interested, but have never done Color Guard before, please let me them know that we are able to train them in all aspects of the team!
- To request Color Guard for events, we ask to please include the following in your email: POC/EMAIL/LOCATION/TIME/UNIFORM/REHEARSAL TIME AND DATE/ WILL TRANSPORTATION BE PROVIDED/ AND ATTACH THE 5050/5060 FOR THE EVENT AS SOON AS POSSIBLE.
- Please reach out to nsanaplescolorguard@us.navy.mil for events and andrew.n.marroquin.mil@us.navy.mil for questions and more information.

## SUICIDE PREVENTION

### **Suicide can't be predicted, but it can be prevented.**

- "I give up."
- "This isn't worth it. I'd rather be dead; you're better off without me."
- "I can't do anything right."
- "I don't know what I'm going to do, I have nowhere to go."
- "I can't believe s/he hurt me this way. It hurts too bad."

### **Things to look for:**

- Drastic changes in behavior
- Declining self-care (weight loss or gain, disheveled appearance)
- No future plans, seems to have given up
- Social media posts with increasing images of alcohol, weapons, and feelings of loneliness and rejection.

## NSA PAO NOTES

Register for the 30<sup>th</sup> Annual Armed Forces Olympics – May 8<sup>th</sup>, 2026 at Carney Park. For more information call +39-081-811-6528 or email NaplesMWR\_IntramuralSports@us.navy.mil.

## Team Coaches Meetings at Support Site Fitness Center second floor

May 4<sup>th</sup> 3pm

## Traffic Safety Advisory: Temporary Road Bumper Installation Near B443 Demolition Site

This installation is a necessary safety precaution to protect a surface water pipe. The pipe supplies essential water for dust control measures at the demolition site, which serves to minimize the project's impact on the surrounding community. The road bumper will remain in place until the project's scheduled completion. For your safety, all vehicle operators are advised to reduce speed and exercise increased caution when traveling through this area.

## NON-JUDICIAL PUNISHMENT RESULTS: NONE
