Subj: NOTICE OF ENTRY

Ref: (a) Commanding Officer, U.S. Naval Support Activity, Naples, Italy ltr N4/479 of 1 Apr 22

Encl: (1) Collection Schedule

1. Per reference (a), this letter is to inform the residents of Support Site that the Environmental Department authorized the collection of the radon detectors that were installed in each unit in April 2022. Maintenance staff will be required to enter your apartment between 18 through 20 April even if no one is present. A schedule of when each radon detector will be collected is included in enclosure (1). A representative from Navy Housing will be present to provide oversight if you are unable to be home. The maintenance staff will knock prior to entering, work efficiently, and clean any debris created by the work. We expect to have results of the study published by the end of June.

2. Should you have any questions, please contact Michael Nurse, Housing Director at DSN: 314-629-4410, COMM: 081-811-4410 or e-mail: michael.a.nurse2.civ@us.navy.mil.
