# Crime Prevention Team General Tips

## General Tips:

- **BE A HARD TARGET AGAINST CRIMES OF OPPORTUNITY!**
- **Set the alarm and have a neighbor, friend, or the landlord check on your home when you are away**
- Keep valuables and large sums of cash in a safe or the bank
- Keep vehicle keys, wallets, purses, backpacks away from doors and windows
- Set the alarm before leaving **and** before bed. Test your alarm monthly
- Ensure doors, windows, and shutters are locked/padlocked. Ensure any house cleaners **ALSO** close shutters, windows and doors after finished
- Remove all valuables from vehicles and never leave valuables in plain sight
- Use only European Standard locks (If not already installed, require landlords to replace skeleton key locks or install secondary devices)
- Report all suspicious activity to NSA Naples Emergency Dispatch. Remember, **"If you see something, say something"**

# Road Way Scam Alert

## MODUS OPERANDI

- “Mirror trick” (rock or plastic bottle of water thrown towards a vehicle staging a fake accident);
- The scammers make targeted drivers believe their car has accidentally hit their vehicle. Then the victim is forced to pull over the car in an unsafe area. They approach the driver to demand compensation for damages that never occurred.
- They are initially asked to fill out an accident report form (CID/CAD), and then offered to settle the matter with a cash payment, usually between €150 and €200, this way everything will be solved without involving the insurances.

## ACTIONS TO TAKE

- ✓ Stay Alert: Always be aware of your surroundings and watch for unusual behavior from other drivers or pedestrians.
- ✓ Bear in mind that is forbidden to stop the vehicle on most highways, for example the SS7qtr (it is permitted only for emergencies, on the right side in emergency lane or in a dedicated stopping place);
- ✓ If the scammer want to stop you, please try to go ahead and enter any NAVSUPACT Naples properties or JFC;
- ✓ Avoid any kind of contact with them (they are always trying to get a compromise with you asking for some money);
- ✓ If you can, try to get as much data as possible like plate number, car color and make, and scammer details (gender, age range, ethnicity, etc.);
- ✓ Report immediately to NAVSUPACT Naples Dispatch center (or to local Italian Police 112) for assistance from I-7 liaisons, to file a report.

\*In CY 2025, JFC has reported 2 fraud attempts using the “mirror trick”.

# Crime-In-Progress (Can/Can't)

- Call Italian Emergency Dispatch and/or NSA Naples Local Emergency Dispatch Center
- You can protect your property (to an extent)
  - Article 52 of the Italian Penal/Criminal Code: “Legitimate defense includes the defense [of] oneself or others, in progress of, or imminent danger to life, health, physical integrity of property, so long as the defense is proportionate to the offense. Person is not punishable of committing the crime, for having been forced by the need to defend one's own or another's right against the present danger of an unjust offense, provided that the defense is proportionate to the offense.”
- You cannot inflict bodily harm to an offender if the criminal conduct stops.
  - **Example: Person steals your wallet and runs. You can chase the offender and attempt to take your wallet back. If they drop your wallet, you cannot engage further. If a threat of violence exists, proportionate self-defense is allowed.**
  - NOTE: In any self-defense case in Italy, the local Prosecutor will automatically open a criminal proceeding to verify whether all requirements set by the law on self-defense were met, or exceeded.

## After a Crime Takes Place

- Report the crime to NSA Naples Local Emergency Dispatch Center by calling +39-081-568-4911
- NSA Security Local National Liaisons (India-7) will take initial report and assist in completing a “denouncement” with local Polizia or Carabinieri (required for insurance)
- Off-installation investigations can be lengthy and are completed by the Polizia or Carabinieri
