

NSA Naples Area Orientation Booklet

Welcome,

We would like to officially welcome you to Naples, Italy and to our Area Orientation (AO) Program! Our AO team at NSA Naples, along with our sponsors, are here to help you with your transition into the community. This packet will provide you with pertinent information and assist you in having the necessary paperwork and information that you will need to make this transition smooth and efficient.

At Area Orientation, you will have in-person subject matter experts present the important services and organizations here at NSA Naples. There will also be an AO Fair where many of the organizations that are unable to present will be available for questions and clarification regarding volunteer options and various available services through non-governmental organizations. Please review the schedule that is distributed one week before your scheduled AO briefing, and take your time to fill out all paperwork located in your packet so you are well prepared to turn them in at Area Orientation. Also, work with your assigned sponsor to discuss logistics in advance of your move. Let us know if you're having any issues connecting with your sponsor and we can help!

In-person AO will begin at the time specified in the schedule attachment and will be a multi-day process that will help introduce you to all the departments at NSA Naples.

The location for AO will be at the Freedom MWR Movie Theater on the Support Site base, near the NEX food court.

If you have any questions, comments, or concerns, please reach out to your sponsors or our Area Orientation team. We are located on the Italian first floor of the Navy Lodge at Fleet and Family Support Center (FFSC) open from 0730-1600, M-F. Thank you and welcome to Naples!

Alcohol and You

The legal Blood Alcohol Content (BAC) limit for driving a vehicle in Italy, Spain, and Greece is .05 whereas it is .00 in Bahrain. Both figures are significantly lower than in the US where it is .08. In order to promote the safe use of alcohol and to raise your awareness of how you may be impacted by the new BAC limit, you are required to complete the following quiz prior to the issuance of a NATO driver's license.

Use the attached charts to answer the BAC questions. If you do not drink alcohol at all, then please use this test to educate yourself because your awareness could save another person's life someday.

1. I am a *male/female* **(circle one)**. I weigh _____ pounds. My BAC will exceed the legal limit of .05 if I consume _____ drinks in **1 hour**. *(Use only the Step #1 chart for this question)* In fact, each drink raises my BAC by approximately .02% whereas each hour that passes only lowers it approximately .015% (.012 to .017), therefore even if I only consume 1 drink per hour, my BAC will continue to increase until I stop drinking. _____ **(Initial here)**
2. If I drink 5 drinks in 5 hours, my BAC at the 5 hour mark will be _____, and it will take another _____ hours before I am below .05 BAC. *(Use both the Step #1 and Step #2 charts for this question)*
3. If I drink 8 beers/glasses of wine over 5 hours while out with friends (less than 2 drinks per hour), my BAC at the 5 hour mark will be _____, and it will not be below .05 BAC for another _____ hours. Worst of all, if I started drinking at 9pm and finished drinking at 2am, then I will not be 100% sober until _____ am/pm the next day? *(Use both the Step #1 and Step #2 charts for this question)*
4. The effects of alcohol may be increased by many factors so even when your BAC is below .05 you are still at risk of car accidents, or arrest. In fact, research has demonstrated that sober drivers suffering fatigue perform as poorly as drunk drivers. Operating a motor vehicle after 11pm gets increasingly more dangerous due to fatigue and the body's natural sleep/wake cycles so you should never drive with any alcohol in your system late at night. _____ **(Initial here)**
5. Alcohol also should not be consumed when taking *prescription medications/over the counter medications/Both* **(circle one)**. The combination of medicine with alcohol could create compound effects which would make the BAC calculations above worthless. In fact, I could be arrested for DUI simply due to the effects of the medicine without any alcohol.
6. Tolerance is a person's ability to consume alcohol without feeling its effects. However, tolerance does/does not **(circle one)** change a person's actual BAC from the calculations above. Therefore, a high tolerance may result in poor judgment when deciding to drive because it causes a false sense of sobriety. Lastly, developing a high tolerance to alcohol can be a sign of regular heavy use or abuse of alcohol which could lead to addiction or other health issues. _____ **(Initial here)**
7. Women absorb and metabolize alcohol differently than men; in general women have less body water to dilute alcohol and smaller quantities of the enzyme dehydrogenase which breaks down alcohol in the stomach than men of similar weight, therefore a woman will absorb about 30% more alcohol than a man of the same weight. _____ **(Initial here)**
8. The Center for Disease Control and the National Institute for Alcohol Abuse and Addiction (NIAAA) define moderate drinking as consuming no more than 2 drinks per day for men and 1 drink per day for women. Furthermore, they define heavy drinking as 5 or more drinks per day for men and 4 or more for women. Lastly, binge drinking is defined as consumption that causes BAC to exceed .08 in a two hour period. **What category do you usually fit in?** To learn more about the impact of your normal alcohol consumption patterns visit <http://www.cdc.gov/alcohol/fact-sheets/binge-drinking.htm> or <http://www.niaaa.nih.gov/alcohol-health/alphols-effects-body>

Need help? Contact your command DAPA or visit the installation Substance Abuse Rehab Program

Based on my calculations here, I have a good idea of how alcohol affects me personally. Therefore, I will strive to consume alcohol in responsible moderation, and **I will not drink and drive!**

Effects at specific B.A.C. levels

0.02-0.03 BAC: No loss of coordination, slight euphoria and loss of shyness. Depressant effects are not apparent. Mildly relaxed and maybe a little lightheaded.

0.04-0.06 BAC: Feeling of well-being, relaxation, lower inhibitions, sensation of warmth. Euphoria. Some *minor impairment of reasoning and memory, lowering of caution*. Your behavior may become exaggerated and emotions intensified (Good emotions are better, bad emotions are worse)

0.07-0.09 BAC: *Slight impairment of balance, speech, vision, reaction time, and hearing*. Euphoria. Judgment and self-control are reduced, and caution, reason and memory are impaired. *You will probably believe that you are functioning better than you really are.*

Becoming vulnerable

0.10-0.125 BAC: *Significant impairment of motor coordination and loss of good judgment*. Speech may be slurred; balance, vision, reaction time and hearing will be impaired.

RAPIDLY becoming a dangerous scenario from this point forward

0.13-0.15 BAC: Gross motor impairment and lack of physical control. Blurred vision and major loss of balance. Euphoria is reduced and dysphoria (anxiety, restlessness) is beginning to appear. Judgment and perception are severely impaired.

0.16-0.19 BAC: Dysphoria predominates, nausea may appear. The drinker has the appearance of a "sloppy drunk."

0.20 BAC: Feeling dazed, confused or otherwise disoriented. May need help to stand or walk. If you injure yourself you may not feel the pain. Some people experience nausea and vomiting at this level. The gag reflex is impaired and you can choke if you do vomit. Blackouts are likely at this level so you may not remember what has happened.

First mention of the risk of death (asphyxiation)

0.25 BAC: All mental, physical and sensory functions are severely impaired. Increased risk of asphyxiation from choking on vomit and of seriously injuring yourself by falls or other accidents.

Will likely require medical intervention – take person the to a hospital

0.30 BAC: STUPOR. You have little comprehension of where you are. You may pass out suddenly and be difficult to awaken.

0.35 BAC: Coma is possible. This is the level of surgical anesthesia.

0.40 BAC and up: Onset of coma, and possible death due to respiratory arrest.

Administrative Notes:

There are a number of variables in determining the rate at which alcohol is absorbed and metabolized by the body. This test is not meant to address all variables but rather to educate individuals on how their consumption would affect them on average.

The tables were drawn from the University of Virginia website and were cross checked against multiple sources. Variations were minimal.

The rate of alcohol removal used on page one is extremely conservative. Most website calculators are utilizing .015 per hour. However, the Navy appears to have chosen .012 for its rate within the NADAP Pier Pressure smartphone application. In order to keep this test more closely aligned with the NADAP smartphone app, I too chose to use .012.

Grading: Test takers may utilize the charts provided, the Pier Pressure application or the online calculator at www.bloodalcoholcalculator.org to complete the test. Because of the variation in methodology, it is difficult to grade this exam within +/- 1 drink so do not attempt to do so. The real purpose is to force the individual to think critically about their drinking patterns, understand what is happening, and label those patterns.

Feedback is welcome. This is the first version of this training/quiz and it should continue to evolve with instructor feedback. Please send your thoughts to:

THE SOJOURNER PERMIT

Prepared by:
Region Legal Service Office, Europe, Africa, Central

Upon transferring to Naples, one of the first tasks that military dependents, civilian employees and their family members must accomplish is obtaining a **Sojourner Permit**, or the *Permesso di Soggiorno*. We understand that this process can be a stressful and confusing way to start your first week in Italy, so the following information is offered to help you through it with some great tips for both before and after you obtain your Sojourner Permit.

What is a Sojourner Permit? A Sojourner Permit is an Italian government document that certifies that a NATO-Force military dependent or member of the civilian component is a temporary legal resident of Italy. It is *different* from the *missione visa* that is placed in your passport prior to arriving in Italy. The visa is only an *entry approval* and is the first step necessary to obtain a Sojourner Permit upon your arrival in Italy. The requirement to get a Sojourner Permit exists in addition to the *missione visa* that is already in your passport.

Who must obtain a Sojourner Permit? Italian law requires all foreign personnel entering Italy, other than an active duty member under military orders, to obtain a Sojourner Permit. Application must be made within eight days of arrival in Italy. Sojourner Permits are required for all military dependents, all members of a civilian component (DOD civilians, NAFI employees, technical representatives, Red Cross, NFCU, USO, and employees of other organizations providing services to and enjoying a special status with the U.S. military) and their dependents. Citizens of the Schengen Area are not required to obtain a *missione visa* or Sojourner Permit; however, there may be other requirements for you to enter and reside in Italy (consult with your embassy).

How do I obtain a *missione visa*? Visas are obtained before entry to Italy. This is usually done in the United States, but if you are currently stationed overseas you'll need to go to your nearest Italian Consulate or Embassy. Our office cannot obtain one for you, and we cannot expedite the process in obtaining a *missione visa* as it's handled by the individual consulate. Contractors and non-U.S. citizens will use their tourist passport for the *missione visa*; all other applicants will need an official or no-fee passport in order to obtain a *missione visa*.

Can I apply for a Sojourner Permit without a *missione visa*? No! Our office is only permitted to process Sojourner Permit applications for applicants with a valid *missione visa*. If you do not have a *missione visa* or it is expired, you must return to your country of residence to obtain one from an Italian Consulate or Embassy. *There is no way to obtain the missione visa while physically in Italy.*

How do I obtain a Sojourner Permit? The Region Legal Service Office, Europe, Africa, Central (RLSO EURAFCENT) Legal Assistance Office assists in the preparation of Sojourner Permit applications and oversees the acquisition of a Sojourner Permit for all personnel attached to U.S. Navy commands in the Naples/Caserta area. Please see the 'Sojourner Permit First Time Application Checklist' for a full list of documents needed to apply for a Sojourner Permit. Remember, you must enter Italy on the correct *missione visa* before you can apply for a Sojourner Permit! Additionally, we are not permitted to accept applications in advance of your arrival.

NOTE: Army and Air Force personnel stationed at AFSOUTH must apply for Sojourner Permits through the AFSOUTH Provost Marshall's Office.

What are the Sojourner Permit office hours at RLSO EURAFCENT? Sojourner's Permit application packages (all documents listed above) can be delivered to the RLSO EURAFCENT Front Desk (Admin II, 1°

piano) during regular service hours. You may also submit the documents during your initial Area Orientation. **All other Sojourner Permit services are by appointment.** You can set up an appointment or send questions/concerns to our office by emailing napleslegalassistance@us.navy.mil. One member of a family may submit packages on behalf of the whole family.

What about fingerprints? The Italian Bossi-Fini Immigration Law of July 30, 2002, requires fingerprints to be collected from all Sojourner Permit applicants who are age 14 years or older. For new arrivals, the Italian Forensic Team will take fingerprints at the Capodichino base **by appointment only** after you have submitted your application package. Fingerprinting appointments are scheduled two to four weeks after submitting the package, subject to available time slots.

I need my receipt before the fingerprinting to apply for a job/obtain a CAC/etc. If you have a time-sensitive need for your receipt of application prior to your fingerprinting appointment time, please contact us to let us know. We can schedule appointments for application receipts on a case-by-case basis. However, be advised that you are still obligated to attend a later fingerprinting appointment to complete your application for a Sojourner Permit, and your application will not be submitted to the immigration office if you fail to attend. This will result in the denial of a Sojourner Permit until the fingerprints are collected.

NOTE: Processing of Sojourner Permit applications by the Italian authorities takes six weeks to three months, so please be patient. When ready, an e-mail will be sent notifying you to pick up your permit.

What do I do with my Sojourner Permit? Make a copy of your Sojourner Permit and carry it with you at all times. Keep your original permit with your passport in a secure location. Make sure your original permit accompanies you whenever you travel outside Italy. You may fold the permit, but do not cut or laminate it.

What if my sojourner's permit is misspelled? If there is a mistake or misspelling in the name/last name, date/place of birth, or citizenship, then the sojourner's permit must be returned to the Immigration Office for correction. Notify the front desk at the time of pick-up or as soon as you notice. You will receive a notification e-mail when the permit is ready for pick up.

How do I renew my expired Sojourner Permit? No greater than two months before the expiration date (written in Italian date format DD/MM/YYYY) you must visit RLSO EURAFCENT (Admin II, 1° piano) to request a renewal of your permit. Please see the Sojourner Permit Renewal Application Checklist for a full list of documents needed to renew. The immigration office will not accept renewals submitted more than two months before the expiration date.

What if I have a newborn? If you have a newborn while in Italy, your baby needs a Sojourner Permit as well. To add the baby, the permit of one of the parents must be renewed. If the parent's permit includes other children, their permits must be renewed as well. You will need to bring all the standard documents required for renewal (as if the permits were expired) in addition to a copy of the newborn's official or no-fee passport, two passport-sized photos, and a copy of the *Italian Birth Certificate* (Certification of Birth Abroad is not accepted).

If you go to the United States to give birth to your newborn, you will need to request and obtain a Mission Visa for your newborn placed in the U.S. passport **BEFORE** coming back to Italy.

Lost or Stolen Sojourner Permits must be reported to the Italian Polizia where you reside. Reports must be made in-person. Upon report, you will be provided a *denuncia di smarrimento*, which must be carried with you in place of the permit while a new one is being issued. It is important that the document indicate it was produced on behalf of the Italian Questura with the words *rilasciato dalla Questura di Napoli/Caserta*. You can contact I-7 Security Department for assistance with filing a report.

What do I do with my Sojourner Permit when I PCS out of Italy? You are required to check-out at RLSO EURAFCENT before departing Italy on Permanent Change of Station orders. Upon check-out, all Sojourner Permits must be turned-in to the RLSO or check-out will not be authorized.

Temporary Lodging Allowance Policy Overview

Until you have moved in to a home, you will be in temporary lodging. For military members this is known as TLA, and for civilians it is known as Temporary Quarters Subsistence Allowance (TQSA). The HSC will process military service member TLA claims, and Civilian TQSA is handled by the member's Human Resources Office. As we only deal with service member TLA we will only focus on military service members.

The upfront costs of temporary lodging can be daunting in many cases exceed thousands of dollars. However, rest assured that these expenses may all be reimbursed as long as compliance with the TLA instruction is met. In short, a TLA claim is submitted to recoup the cost of lodging, meals and incidentals. Military personnel are allowed a maximum of 60 days of TLA. TLA claims must be submitted in 10-day increments with exception to the final claim (first claim is submitted 10 days after arrival), along with a copy of the TLA claim and original hotel bill with each day itemized. The claims for the first 30 days in TLA may simply be submitted by you to the HSC for processing. After 30 days, your claims must also be routed through your Chain of Command. For service members approved to live on the economy, a showing form must also accompany TLA claims until a home has been selected. A showing form is used to document the list of homes that you have viewed within the 10-day period for which you are claiming lodging reimbursement. A minimum of **two** showing tours must be completed every **ten** days. A showing tour consists of viewing at least 5 homes. Housing tours may be conducted by the service member's spouse to meet this requirement. Regardless, your command should be flexible with work requirements until housing is secured. Once a home has been selected, the showing form no longer needs to accompany TLA claims. Claims may be processed at either the HSC, Assignments/Facilities Housing Office, or the Gaeta Housing Office. They may be dropped off in-person or sent via e-mail to:

M-NA-NSAHSGADMIN-GD@EU.NAVY.MIL

Please ensure documents sent to the email address are scanned copies and legible.

TLA Extensions:

Extensions beyond 60 days are rarely approved. All extensions must be approved by the Commanding Officer, Naval Support Activity Naples, after endorsement by your Commanding Officer/Officer-in-Charge, and the NSA Naples Housing Director. The HSC will forward requests to NAVSUPACT Naples Admin, and will return to the service member as soon as possible.

Extensions are not authorized for the personal convenience such as:

- Delay of signing a lease for your personal convenience for reasons to include arrival:
 - Of Privately Owned Vehicle (POV) or Household Goods (HHG)
 - awaiting family arrival,
 - or other personal conveniences.

Emergency TLA:

Regardless of best-laid plans, emergencies happen. Emergency TLA is used for circumstances beyond the member's control such as fire, flood, earthquake, riot, civil unrest, or extraordinary events that make the residence uninhabitable, or if remaining in the residence is deemed inadvisable by the NAVSUPACT Naples CO. Additionally, if the residence become temporarily uninhabitable for other reasons such as lack of utilities for more than 24 hours.

TLA Allowance is Subject to Termination:

- If you, or your sponsored spouse, cannot complete a minimum of two tours with the within each 10-day period. Work requirements are not justification for being unable to complete tour requirements.
- If you refuse the offer of government quarters.

If you have any additional questions, please do not hesitate to call, email, or come into the office.

Allowances Overview

Note: Be sure to check your LES every month to ensure you are getting the correct allowances.

Overseas Housing Allowance

Overseas Housing Allowance (OHA) is paid to military members who live in privately leased housing on the economy at their overseas duty station in place of BAH. Residents of on-base, government-leased, housing do not draw ORA. The purpose of OHA is to pay for housing costs including rent, utilities, and recurring maintenance expenses. OHA consists of two parts, the rent portion, and the Utility and Recurring Maintenance portion.

The rent portion of OHA is computed based on your rent up to the maximum allowed for your pay grade. However, you may rent a home above your OHA cap, but you pay the difference out of your base pay. If your rent is less than your maximum allowed OHA, then your allowance will lower to match your rent. The actual amount of OHA you receive fluctuates with the dollar/Euro exchange rate. The utility portion of OHA is added to the rental allowance to help defer the utilities and recurring maintenance costs. You receive the entire amount of utilities regardless of your actual utility costs. The utilities portion of your ORA is adjusted based on an annual ORA Survey.

The HSC can give you details about applying for OHA. Information on current ORA rates can be found at

<https://www.defensetravel.dod.mil/site/ohaCalc.cfm>

Advance OHA

This entitlement is to pay your first month's rent and deposit. The HSC will provide you with the appropriate request form during your Pre-Contract signing. Your request will need to be signed by your Commanding Officer/Officer in Charge. PSD requires a minimum of 3 working days to process advance OHA requests.

MIHA

Move in Housing Allowance (MIHA) is a one-time payment to help you pay for items such as extra cabinets, wardrobes, utility deposits (except Internet & Cable TV), electrical transformers and adapters, etc. It is not paid to occupants of on-base housing. MIHA rates also fluctuate according to the Euro.

COLA

Cost of Living Allowance (COLA) is paid to all service members regardless of whether you live in government or private housing or whether on accompanied or unaccompanied orders. The amount of COLA that you receive depends on your rank, length of service, and number of family members. It is paid when the cost of living in your area is higher than in the U.S. COLA helps to pay for things you buy on the economy that are more expensive than comparable items in the United States.

The COLA index is a percentage that represents the difference between the cost of a "market basket" of goods and services in your area versus the US. For example, a COLA index of 110 means that prices in your area is 10 percent higher than in CONUS. This does not translate into a 10 percent increase in your paycheck however; because the COLA is calculated on your average spendable income-total income minus such expenses as housing, utilities, taxes, and savings.

Important Note: Many of these allowances fluctuate as the dollar-Euro exchange rate fluctuates, therefore your paychecks will vary quite often. You should carefully check your leave and earnings statements to make certain an error hasn't occurred. You are advised to keep a notebook and enter every expenditure you make for your home, which is covered by your OHA and URM. That way, when it is time for the annual allowance surveys, you have accurate figures.

NAVSUPPACT NAPLES INSTRUCTION 1754.7C

From: Commanding Officer, U.S. Naval Support Activity, Naples, Italy

Subj: SUPERVISION OF MINOR CHILDREN

Ref: (a) OPNAVINST 3120.32D
(b) U.S. Navy Regulations, 1990, 0702
(c) NAVSUPPACTNAPLESINST 5800.3B
(d) OPNAVINST 1740.4E

Encl: (1) U.S. Naval Support Activity, Naples, Italy Child Supervision Chart

1. Purpose. To promulgate guidance and procedures for the supervision of minor children onboard all U.S. Naval Support Activity (NAVSUPPACT), Naples, Italy, installations.

2. Cancellation. NAVSUPPACTNAPLESINST 1754.7B

3. Definitions

a. Adult. Someone 18 years of age and older who is responsible for the supervision of a designated child and is capable of responding within a reasonable amount of time.

b. Babysitter. Someone who has been given the responsibility to supervise a child/children while the parent(s)/legal guardian(s) are temporarily away. A babysitter will be assessed by the child's parent/legal guardian(s) as responsible and displaying maturity, as well as knowledge about maintaining safety. A babysitter will be at least 12 years of age or 11 years of age if they have taken the American Red Cross babysitting course.

c. Child. A child is an unmarried person, 17 years of age or under, or one who is incapable of self-support due to mental or physical incapacity. This includes a biological child, adopted child, foster child, stepchild or ward; this excludes active duty members and spouses.

d. Minor Guest. A minor guest is a child visitor who is temporarily residing with a member of the Armed Forces, Department of Defense (DoD) civilian or family member, thereof.

e. Child Neglect. The negligent treatment of a child through acts or omissions below the lower bounds of normal caregiving, which shows a striking disregard for the child's well-being under circumstances indicating the child's welfare has been harmed or threatened by the deprivations of age-appropriate care.

f. Supervision. Supervision is the monitoring of the child's whereabouts and activities per his/her maturity level and with regard to the child's mental and physical capabilities in order to ensure his/her safety and well-being.

4. Scope

a. This instruction is applicable to all individuals, military or civilians onboard NAVSUPPACT Naples and family members and guests, thereof. This instruction is not intended to and does not create any rights or entitlements; nor does it confer defenses in favor of any individual. It places no limits on the lawful prerogative of the Commanding Officer (CO), NAVSUPPACT Naples, Italy, or its officials. Authority to implement this policy derives from references (a) and (b).

b. Moral and legal obligations require appropriate measures to safeguard the welfare of children by ensuring they are not left unsupervised in a situation that exceeds their maturity level. Parents and guardians have primary responsibility for appropriate and adequate supervision of their minor family members and guests at all times, whether on or off base, to ensure they are safe and pose no danger to themselves, others, or the public peace by their actions.

c. Violations of this policy may lead to administrative or disciplinary action. Every effort will be made to handle alleged violations with maximum deference to parental rights. However, cases of child neglect will be referred to the appropriate chain of command, and the Family Advocacy Program, as appropriate. Military members who violate the provisions of this instruction may be prosecuted for violation of the Uniform Code of Military Justice, and may be subject to other administrative action. Civilians who violate this instruction shall be subject to administrative action as defined in reference (c).

5. Discussion. The overseas community differs from Continental United States (CONUS) military and civilian environments in many ways. In CONUS, the COs seldom become aware of minor children's misconduct through official channels, as in most cases primary responsibility for child law enforcement resides with the state. On the installations outside CONUS, the CO is responsible for safety and law enforcement. Per reference (a), it is incumbent on the CO to ensure the safety and welfare of minor children.

6. Guidelines

a. To the maximum extent possible, parents and guardians are required to know the whereabouts of their children and minor guests 24 hours a day.

b. To the maximum extent possible, parents and guardians should be aware of the intended activities and schedules of their children and minor guests.

c. Parents and guardians whose children and minor guests participate in unofficial extracurricular activities or gatherings at locations other than Morale, Welfare, and Recreation (MWR) or Department of Defense Education Activity facilities are encouraged to communicate with each other to ensure adequate supervision.

d. Defiance of base guidelines may be cause for referral to Family Advocacy, but is not necessarily considered neglectful behavior unless the alleged act or omission meets the established criteria set forth by DoD in the definitions for child neglect.

e. Participation in Italian cultural events is encouraged. However, it is recommended that parents and guardians implement reasonable safeguards, as warranted by the situation, to ensure the proper conduct, health, and safety of their children, minor dependents, and guests.

f. Parents and guardians will discourage their children and minor guests from loitering in unsupervised locations. The entire community should be vigilant of unsupervised activity of children.

7. Supervision. Primary responsibility for supervision of minor children is with the parent/guardian. Parents are responsible for the behavior, safety, and proper discipline and well-being of their children, regardless of age. A minor child violating the restrictions listed below will be detained by base security until a parent or guardian assumes custody. The following general restrictions apply to all minor children. Parents should assess their child's developmental and maturity levels, and if necessary, raise the minimum age limits listed below to ensure the safety and well-being of their child. A supervision chart can be found in enclosure (1) of this instruction. The supervision restrictions below apply to all NAVSUPPACT Naples installations:

a. Children newborn to five years of age may not be left unattended in quarters, playground areas, or outside of quarters for any length of time and shall not be left unattended in a vehicle.

b. Children ages six through nine may be outside the quarters unattended with immediate access to an adult/babysitter but shall not be left in quarters without adult/babysitter supervision or in an unattended vehicle.

c. Children between ten and 15 years of age may be left unattended in quarters, playground, public areas, and outside the quarters.

d. Children age 16 years and above may be:

(1) Left unattended in quarters and all outside areas.

(2) Left in quarters when parents or guardians are on vacation or in a Temporary Assignment of Duty (TAD) status with immediate access to an adult who can provide assistance. Vacations or TAD should not exceed two weeks. A Family Care Plan must be submitted to the sponsor's command prior to departure.

e. Schools and MWR youth activities have the right to enforce their own escort and supervision policies. Absent such policy, the following restrictions apply:

(1) Children must be escorted to and from school and other youth-related functions until they are six years old and in first grade.

(2) Children ages six years old and in first grade may walk to and from school and other adult supervised activities within the fence line of any of the NAVSUPPACT Naples installations, such as ballet, gymnastics, sports practices, boy scouts, girl scouts, and other youth-related functions, without the supervision of an adult, when they have a self-release permission form on record with that specific program.

f. Children 12 years and older may care for younger children. Those children 11 years old must take the American Red Cross babysitting course to care for younger children. All children who wish to babysit are strongly encouraged to complete an American Red Cross babysitting course or CPR/First Aid course.

(1) Children under 12 years of age are allowed to babysit for no more than 3 hours and no later than 2200.

(2) Children between 12 and 13 years of age may babysit for no more than 6 hours and no later than 2200.

(3) Adolescents ages 14 and 15 years old may babysit until 2400.

(4) Adolescents 16 years and older may babysit overnight.

g. A designated adult should be capable of responding in person within a reasonable amount of time to any child left unattended. Personality, environment, developmental progress, medical conditions, and maturity levels are factors parents must consider when determining whether children are ready to accomplish activities with little or no supervision. Parents should assess their child's maturity and, if necessary, raise the minimum age limits outlined above.

8. Specific Restrictions

a. Barracks. Off-limits to all children under the age of 18 years.

b. Pools. Children under 12 must be accompanied by an adult or guardian (over 18). Children between the ages of 12 to 17 must have the Navy Youth Swim License to be at the pool unsupervised. Swim licenses are administered by MWR lifeguards.

c. Theaters. Per MWR policy, movie ratings shall be enforced. Children under 13 years of age must be accompanied by a parent or legal guardian to all movies. No children under 10 will be admitted to R rated movies. Children under 17 must be accompanied by a parent or guardian for admission to an R rated movie.

d. Fitness Spaces. Children 16 and 17 years of age may be unsupervised in the fitness spaces. For those children 15 years and younger please see the MWR Fitness Age Authorization for details.

e. Single Parents, TAD, and Leave. Personnel in these categories are not exempt from ensuring minor children are supervised per this regulation. Members are expected to fully comply with this instruction and reference (d). Powers of Attorney are strongly recommended when leaving children with a guardian for more than 24 hours. The U.S. Navy Region Legal Services Office Europe, Africa, Central is available to draft and notarize these Powers of Attorney. Members are required to fully brief their designated caregiver on financial and logistical arrangements, location of important papers, and significant medical/dental issues.

f. Shuttle Buses. Children under 12 years of age must be accompanied by a supervising adult or a child 16 years or older. This restriction only applies to NAVSUPPACT Naples shuttle buses, and does not apply to school buses. Schools have a right to enforce their own school bus and supervision policy.

9. Records Management. Records created as a result of this instruction, regardless of media and format, must be managed per SECNAV-M 5210.1.

10. Review and Effective Date. Per OPNAVINST 5215.17A, NAVSUPPACT Naples will review this instruction annually on the anniversary of its effective date to ensure applicability, currency, and consistency with Federal, Department of Defense, Secretary of the Navy, and Navy policy and statutory authority using OPNAV 5215/40 Review of Instruction. This instruction will automatically expire 10 years after effective date unless reissued or canceled prior to the 10-year anniversary date, or an extension has been granted.

Hero Care Network – Emergency Communication Messages (ECM) Naples Guide (Walk-ins & Calls)

The Red Cross Naples Office provides follow-up casework services overseas for Service to Armed Forces (SAF) personnel after an initial case has been assigned by the Hero Care Network. Case sources must be verified and a case number cannot be assigned until verified. So, complete and accurate information is essential. The Red Cross Case Number starts the emergency leave orders process at the local command. Red Cross does not provide any financial assistance. Navy Marine Corps Relief Society (NMCRS) does, next door. Ph#: +39-081-568-3913

ECMs are not normally initiated from Naples. That's why the **1-877-272-7337** number doesn't work on base. An **immediate family member** (usually a spouse, mother/father or brother/sister) in the Continental United States (CONUS) initiates the call to the Hero Care Network for the SAF member in Naples to return CONUS. Only valid verified emergencies are allowed and must be verified by the Red Cross Hero Care Network Center. Examples of valid emergencies are **Birth** of a Child by the Sponsor/Dependent Spouse, **Life-Threatening accident or illness** or **Death** of an Immediate family member.

SAF Member Information Needed:

1. Name (full name) of SAF member needing to return
2. Rank/Rate & Branch of Service (Army, Navy, Air Force, Marines, Coast Guard)
3. Date of Birth
4. Last 4 digits of SSN and/or Military ID number of Military ID card
5. Base, Command & Department of SAF member & Military Unit Address (I.E. NSA Naples Capodichino, Security Office, NCTS, NCIS, etc. or JFC NATO Base & NATO Element or Naval Support Site, Naval Hospital, MVRO, DoD School, etc.)
6. Command's telephone number and 24/7 Duty Cell, POC at that Command

CONUS Family Member Information about the Emergency Needed:

1. Full Name of Immediate Family Member experiencing the emergency
2. Nature of the emergency
3. Exact location of the critical person experiencing the emergency

PSC MAILBOX AGREEMENT

(REV. 09FEB2024)

I, (Print Last, First, MI)

Understand that my personal mail receptacle privileges are contingent as following:

- A.) Personal receptacles will be issued only to personnel billeted to Naples, Italy and assigned to an eligible UIC. Upon issue, the member's orders and valid identification (ID) will be provided for verification of eligibility. One copy of the member's PSC Mailbox Agreement will be kept on file at the main post office where the PSC Mail box is located and properly disposed upon PCS of the command.
- B.) If at any time it is discovered that a mailbox has been improperly issued, or the box holder is otherwise not entitled to mailbox (e.g. possibly due to PCS transfer of the box holder from Naples, Italy to another local command) the box holder shall be given five days (5) notice to vacate the box and register for mail forwarding service to a new address.
- C.) If at any time mail is unclaimed after thirty (30) days, the FPO will close the receptacle and return all mail to the sender endorsed "UNCLAIMED". As per the DOD 4525.6M
- D.) In the event that a mailbox appears to be unused or abandoned, the Postal Officer shall order the box closed. A letter will be sent to the service member notifying him/her of the closure via their command.
- E.) In the event that a box holder is unable to pick up their mail on a regular basis, **PS FORM 3801 (STANDING DELIVERY ORDER)** must be filled out and kept on file at the NSA CAPODICHINO post office authorizing an agent to pick up the mail in order to prevent over-accumulation. Positive identification (ID) will be required for delivery.
- F.) In the event that a box holder is absent (deployed/TAD/on leave) for fifteen or more days and authorized dependents/agents are not able to pick up mail in the box holders absence, **DD FORM 2258** must be filled out and kept on file at the Support Site Post Office indicating the duration of the member's absence and instructions for the disposition of the member's mail during that time.
FAILURE TO DO SO MAY RESULT IN THE RETURN OF ACCOUNTABLE MAIL TO THE SENDER
- G.) Personal assigned boxes will not allow other personnel other than authorized dependents to use the mailbox number for correspondence. This restriction includes visiting friends and family who are not legal/authorized dependents of the service member or box holder. **IAW ref DOD 4525.6M** states that violations of this restriction could result in appropriate legal action, a 90-day notice of mailbox closure, and termination of Military Postal Service (MPS) privileges.
- H.) **DOD 4525.6M APPENDIX 1** applies: Approval of MPS privileges for agencies, departments, units or individuals, whether or not they have full or any form of limited MPO privileges, unless otherwise specifically stated, does not extend to the receipt of, or mailing at an MPO, of any items intended for resale. This prohibition applies whether sale is authorized MPS users or not, regardless of the beneficiary of the proceeds (i.e. charitable organizations or non-appropriated welfare fund activities).
- I.) Each mailbox has a combination lock, Support Site Post Office will retain a file of the mail box combination and one will be issued by an authorized postal clerk to the future box holder. Once issued it is the responsibility of the box holder to maintain control of their combination numbers. If for some reason the combination numbers are forgotten, the Support Site Post Office will provide the combination numbers to the box holder. If the mailbox holder PCS or longer here, the mailbox will be close for a year with a new combination numbers for future box holders.

Patient Billing

U.S. civilian employees, government contract employees, NATO partners, and other individuals who are not eligible for Tricare and receive care in a U.S. Military Treatment Facility.

The U.S. Naval Hospital Naples or its branch clinic **cannot** give you upfront cost estimates of the care received.

How does U.S. Naval Hospital Naples invoice pay patients?

Following a visit to our facility, details of the encounter are coded into an electronic record. Codes are determined and billed in accordance with the Assistant Secretary of Defense billing rates. After the bill is generated, it is entered into the U. S. Department of Treasury Centralized Receivables Service (CRS) for invoicing. Within 24 hours of the bill being uploaded into CRS the bill will be electronically sent to the insurer on file with the Uniformed Business Officer (UBO) at the hospital.

Military Treatment Facilities do not maintain contractual relationships with insurance companies, so it is important that patients work directly with their insurer to discuss costs of their healthcare invoices.

If your Health Insurance is requesting additional information about your hospital visit, please visit the UBO office and we will assist you.

Hospital Admission

Admission to any hospital, no matter the location can be a cause for concern and source of stress and anxiety. When that admission takes place in a foreign country it can easily double the amount of stress and place an unneeded burden on the patient and their family. The goal of U.S. Naval Hospital (USNH) Naples is to provide you and your family with guidance and assistance you may need throughout the hospitalization experience in the Italian facility.

USNH Naples Capabilities

While we pride ourselves in the ability to provide our beneficiaries with a quality healthcare program, there are limitations on certain types of available services (i.e. cardiology, dermatology, high-risk OB) and in our ability to treat the most severe cases of certain types of injuries. For these reasons TRICARE Europe has established written agreements with local Italian Healthcare providers and medical facilities to ensure the more complex needs of our patients can still be met without the need for leaving the area. Apart from the cultural differences, Italian facilities offer a similar quality of care which you might find in the American healthcare system.

Upon Inpatient Admission

Upon admission to an Italian medical facility in the Naples area, USNH Naples is notified and a Patient Liaison will contact you and/or the facility to assist with admission coordination. Patient Liaisons can also help coordinate conferences with the attending Italian physician and medical staff to translate diagnosis, explain test results and establish a care plan. When the admission occurs within reasonable distance and the Patient Liaison and Intl SOS are authorized to travel, assistance will be provided in-person at the facility.

*If you have not heard from a Patient Liaison within the first four hours after admission, please call the USNH Communication Center at 081-811-6155 and the 24-hour On Call Patient Liaison will be notified.

If admitted to a hospital or clinic outside the Naples area, please contact the Intl SOS (U.S. active duty) overseas at +44-20-8762-8384 or all others contact Patient Liaison. Intl SOS or Patient Liaisons will immediately begin coordinating your care with the admitting facility's medical staff.

A USNH physician will be in contact with the attending Italian physician during your stay to monitor your status and follow up after discharge at the Military Treatment Facility (MTF). USNH Naples providers are not licensed to practice in Italian healthcare facilities and are unable to treat or prescribe medications to a patient while admitted.

What can I expect in an Italian Hospital?

Italian healthcare is in many ways the same as the American system you are accustomed to and in other ways it can be vastly different. Italians pay for a lifetime of healthcare via their taxes; this health coverage is primarily a socialized medicine system consisting of mostly public healthcare with some private and semi-private facilities available.

Unlike most hospitals in the US, the number of Italian facilities that provide private rooms is very limited and most have none at all. Most rooms in a public facility do not possess the same modern look as a private hospital but they still contain modern medical technology and provide the same high quality treatment capabilities that would be afforded in similar size American hospitals or military treatment facilities.

The type and quality of nursing care is also much different from an American hospital. As Americans we have come to expect a nurse to perform many bedside tasks while the Italian culture places a large emphasis on family and the healing qualities a family can bring.

As a patient in an Italian facility, you may be expected to have your family or friends assist you with some personal hygiene tasks such as bathing or dressing.

Despite these differences, and the occasional language barrier, the goal is exactly the same: quality health care.

Some things to keep in mind during your stay:

- ◆ Italian physicians should answer all your questions when asked, but generally do not volunteer all results and information. Patients/parents are encouraged to ask doctors and nurses about treatment plans.
- ◆ For infection control purposes, visitors are asked not to lie in the hospital bed with or without the patient. In pediatric wards parents may request an additional bed to sleep near their child. However, this is only possible if space is available. Please be respectful to other patients who share the same room.
- ◆ Standards of privacy vary between Italian and American facilities. Italian physicians may not always have a standby when examining patients of the opposite sex.

Pain and symptom management

Italian medical providers do not usually order pain medications to be administered around the clock. It is best for you to communicate with the nursing staff and request medication regularly rather than wait for it to be brought to you. Similarly, you should communicate any concerning symptoms with the medical staff or nursing staff.

If you are TRICARE Prime beneficiary (e.g. U.S. active duty and family members) and you need assistance in communicating with the Italian staff member, please contact International SOS. If unsuccessful in contacting Intl SOS, please contact USNH Patient Liaison.

If you are a Non-TRICARE beneficiary (e.g. DOD civilian, NATO, retired service member and families) and you need assistance in communicating with the Italian staff member, please contact USNH Patient Liaison.

Visiting Hours

As with most hospitals in the U.S., visiting hours and the number of visitors allowed are normally limited, especially in the Intensive Care and Trauma Units. In some Italian facilities a family is allowed to stay with the patient for morale and comfort support. Children under 12 years of age are not allowed on most wards.

Each facility has their own policy and while the USNH Patient Liaison has no control over those policies, they can assist you with learning the rules and regulations of the facility to which you are admitted.

Cafeteria Services

Breakfast, lunch, and dinner are served to inpatients. Breakfast in the hospital usually consists of a tea, milk, or coffee and bread with marmalade.

Patient's Responsibility

As a patient receiving care, it is your responsibility to be involved in your healthcare. If there is something that you are concerned about, please approach or call a member of our staff and we will be happy to assist you.

Upon discharge, it is the responsibility of the patient to submit discharge instructions for translation to referral management at USNH Naples room 1319, and schedule a follow up appointment with their USNH Primary Care Manager within 24-72 hours of your return with all follow-on treatment orders.

Temporary COVID-19 Restriction Subject to Change

Patient liaisons, Intl SOS, and MTF staff members usually visit patients in-person while admitted, but current restrictions only allow contact via phone as most Italian facilities have restrictions on who is allowed inside the facility.

Bedside supporting family member will be required to have a negative COVID-19 test along with the patient prior to admission. Family members will be recommended to stay bedside for the entire admission due to the requirement of needing a COVID-19 test.

HOMESCHOOL

What is Homeschooling?
Homeschooling is the practice of caring to teach one's own children at home via parents, tutors, or virtual programs instead of in school at another place or school.

How do I Homeschool?

1. Contact with parents who are already homeschooling.
2. Understand your state's homeschooling law.
3. Learn about teaching styles, learning styles, and educational approaches.
4. Choose curriculum.
5. Decide where you will homeschool & create a schedule.
6. Apply the learning process. Re-evaluate, change what isn't working.
7. Celebrate & highlight your student's growth & achievements.

No further details from this checklist, see <https://www.usdoe.gov/ed/oeip/oeip-023-001.pdf>

Is school attendance required?
States and the Department of Defense civilian facilities are turning to homeschooling because of frequent relocations between bases and outside of the United States. Homebased school attendance is required in the U.S. and military facilities must follow the compulsory attendance laws of the state in which they reside. However, children of US military and DoD civilian dependent personnel are not subject to US state residential attendance (grades K-12) in another country, and dependents may or may not be subject to the school laws in their country depending on the host country requirements for military families.

DoDCA encourages DoDCA eligible sponsors who choose homeschool as their dependent's educational option to communicate this through their chain of command to determine whether there are any command policies or other

The ASLs are an Italian government entity. **They are not affiliated with the base veterinary clinic.** You **MUST** know which ASL office to go to and it is based on where you live. Each has their own payment requirement, area of responsibility, business hours and they are **NOT** interchangeable.

Please see the front desk for registration form and ASL packet.

- I have read the Naples VTF Client Policy letter and acknowledge the above statements
- I have been informed about the ASL and have been given paperwork to register with the Italian system

How to get an ITALIAN Pet Passport & Health/Export Certificate

1. By law, pet **MUST** be registered in the Italian ASL system. **Failure to register your pet or file a change of ownership form, when purchasing or adopting a pet, can result in a fine of €200,00+.**

If you find or adopt a pet in Italy **WITHOUT** a microchip, you have 20 days to register it

If you import a pet to Italy, you have 90 days to register it

If you purchase or adopt a pet in Italy **WITH** a microchip, you have 5 days to file a change of ownership form.

The TNR Italy Facebook group has the blank registration form, change of ownership form and instructions under "files". There is no cost to register or change ownership.

If you do not know if your pet is registered in the Italian ASL system, you can use these links to enter your pet's microchip number. If it is registered, the site(s) will tell you which ASL location they are registered at. If nothing is available in the search, it means your pet is not registered. The base vet local microchip database is not connected to the Italian ASL system.

Campania ONLY - <http://www.anagrafecaninacampania.it/>

Italy - http://www.salute.gov.it/anagcaninapublic_new/home.jsp

2. The ASLs are an Italian government entity. They are not affiliated with the base veterinary clinic, any host nation veterinary clinic or the TNR Italy group. You **MUST** know which ASL office to go to and it is based on where you live. Each has their own payment requirement, area of responsibility, business hours and they are **NOT** interchangeable. The information in this document can change at any time.

3. ASL's in Italy are responsible for people, pets, food safety and many other services. There are **HUNDREDS** of locations within Italy. When you search for an ASL, be certain it is for "ASL veterinario" or you may find yourself at the wrong location. This is the webpage to locate an ASL veterinario (veterinarian) in CAMPANIA <https://anag.gisacampania.it/index.php/ricerca-asl>

4. A pet passport is required to travel on a commercial carrier within and out of Europe. You do not need a pet passport to fly on the AMC/Rotator but it is recommended to have one in case you need to fly commercial or use a pet shipper with short notice.

5. The rabies vaccination has to be 22+ days old to get the initial pet passport or to renew an existing pet passport. Example: rabies vaccination date 01Feb2022. Count 22 days equals 23Feb2022. From 23Feb2022 forward, you can get or renew the pet passport. Travel to EU countries and the UK is valid (the UK has additional requirements). Travel to the USA is valid on the 31st day after the rabies vaccination. For the most up to date information for ANY country, visit their official government website.

6. You have to have a pet passport before you can get an Italian, ASL issued, health/export certificate. You can get both on the same day.

7. **ALWAYS** search the requirements of your **DESTINATION** country you are moving to. Important, reliable links are:

Payment for services

You must pay before you visit an ASL location. They do not accept any form of in office payments. If you pay the wrong ASL, you WILL NOT receive services or a refund. The payment is valid for 30 days so you can pay long before you visit. Payment detail is listed with each location. There are also photo examples.

The two ways to pay are:

Bank transfer – You need the IBAN number

One option is Community Bank on Capo. If you do NOT have an account, take cash. The price for non-account holders is \$3.00. The price for account holders is \$1.00. Account holders do have the option to set up a direct transfer with their online access, but the process can take a few days to complete. If you cannot go to Community Bank, you can go to a local Italian bank or use an online app, and follow their instructions.

Postal money order – You need the c/c number

There is an Italian Post Office inside the JFC NATO base (hours are Mon – Fri 0830 – 1330 and Sat 0900 – 1200). Many people find this the most convenient but ANY Italian post office can do the money order for €1,50. The form is filled out similar to a bank check. There are examples for a NEW pet passport and a health/export certificate. If you need a different service, the prices are listed below. For those who have the ability to print A4 paper, you can use this Italian website <https://www.bollettinonline.it/> to fill out the information online and print the form before you go. If you cannot print, you can complete the form at the Italian post office.

PRICES as of 31 JAN 2023

The fees are PER PET. Multiply for each pet the cost to determine the number needed.

SERVICE	PRICE	HOW TO WRITE IN ITALIAN
NEW pet passport	€ 24,90	ventiquattro e novanta centesimi
Health/Export certificate and exam	€ 18,00	diciotto e zero centesimi
RENEWAL of current pet passport	€ 6,12	sei e dodici centesimi
2 new pet passports	€ 24,90 * 2 = € 49,80	quarantanove e ottanta centesimi
1 new pet passport + health/export certificate	€ 24,90 + € 18,00 = € 42,90	quarantadue e novanta centesimi

You can use a single postal money order or bank transfer for multiple services on the same day.

Example: you need two pet passports for two pets

If you will have multiple services, but on different days, you need 2 payments.

Example: pet passport on one day and a health/export certificate at a later date

MEMORANDUM FOR Naples Veterinary Treatment Facility (VTF) Clients

SUBJECT: VTF Client Policy Letter

1. ACCESS:

a. Only persons with a valid U.S. Armed Forces Identification Card are eligible for veterinary services at the VTF. Beneficiaries must be enrolled in Defense Enrollment and Eligibility Reporting System (DEERS). Reservists must be on active duty orders for more than 30 days.

b. Per AR 40-905 Chapter 3-4 paragraph, veterinary services will not be provided in support of commercial operations that breed or raise animals for sale or profit.

2. REGISTRATION AND RECORDS:

a. All animals must be registered in the Remote Online Veterinary Record (ROVR) within 30 days of arrival or adoption and maintain a valid rabies vaccination.

b. Pet owners are responsible for ensuring that their pet's vaccinations and medical status remain current.

c. Owners are responsible for transferring their pet's medical records during a Permanent Change of Duty Station, End of Time in Service, or change of ownership. A transfer of ownership letter is required to transfer ownership in ROVR and deliver care to the new pet owner. This letter must include the name of both the previous and new owner(s) and must be signed by the previous owner. Until a transfer is registered under the new owner's name, the previous owner remains legally and financially responsible for the pet.

d. If a pet has not been seen for three consecutive years, the pet's record will be placed in an inactive status. After five years, the record may be purged.

3. APPOINTMENTS:

a. Due to multiple mission priorities, the VTF provides medical care for privately- owned animals on a space-available basis and may not have availability

on a short notice or emergency basis.

b. Pets are seen by appointment only. **Please arrive at least 10 minutes prior** to your scheduled appointment time to allow time for check-in.

c. Payment is due at time of service. In the event of an outstanding balance, your command may be notified. We accept only credit card payment. The DOD requires we charge a \$2.00 user fee on every transaction, including retail purchases.

d. Rabies vaccination status must be current for a pet to receive any service. If no proof of rabies vaccination is on file, the pet will be vaccinated at time of services.

4. FACILITY ETIQUETTE:

a. Any animal interaction can potentially be dangerous. While children are welcome, parents/guardians are responsible for their safety and wellbeing at all times. Children in the clinic must be supervised at all times for their safety.

b. Children and/or pets will not be left unsupervised in the parking lot, vehicles or the waiting room. All pets must arrive on a leash or in a carrier.

c. Any client who uses profanity, abusive and disrespectful language towards any member of the VTF staff will be asked to leave immediately and will no longer be authorized services.

5. NO SHOW POLICY:

a. **Failure to show for an appointment, unless cancelled at least 24 hours in advance, will result in a “No Show”.** We understand that last-minute circumstances arise; we will make exceptions to this policy on a case-by-case basis.

b. All appointments arriving on time will be given priority. **If you are running late, please call +081-811-7913** and we will make every effort to accommodate you. **If you arrive more than 10 minutes late, you may be asked to reschedule.**

c. All appointments that are considered to be a “No Show” will be notated in the patient’s record. The repercussions are as listed below:

(1) The first missed appointment will be notated without any repercussions.

(2) The second missed appointment will be notated and service privileges will be suspended for 30 days.

(3) The third missed appointment will be notated and service will be suspended for six months. If the pattern of missing appointments continues service privileges may be revoked permanently.

6. PRESCRIPTIONS / MEDICATIONS:

a. In accordance with federal law and Army Regulation, prescription medications will not be dispensed without a valid veterinarian-client-patient relationship (VCPR). This requires that the pet be seen in Naples VTF or another US Army Veterinary Clinic within the past 12 months. Prescriptions from other Army Veterinary Clinics can be filled at Naples VTF, as long as there are refills remaining in ROVR. **It is illegal for the VTF to fill a prescription from off-post facilities.** If there is an active VCPR, we may be able to write a prescription upon the approval of the attending veterinarian.

b. Refill requests require 24-hours notice and must be picked up within 48 working day hours.

c. Heartworm preventive for animals over 6 months of age will only be dispensed with written proof of a negative heartworm test performed within the preceding 12 months, unless waived by the attending veterinarian.

7. EMERGENCY VETERINARY CARE:

a. The VTF **does not provide emergency care for privately-owned animals.** We strongly recommend that you identify at least one off-base veterinarian that provides emergency care and keep his or her contact information available. The Naples VTF can provide a list of emergency off-base veterinarians who speak English upon request. This list is provided for your reference, and does not imply DOD endorsement of any specific veterinarian(s).
